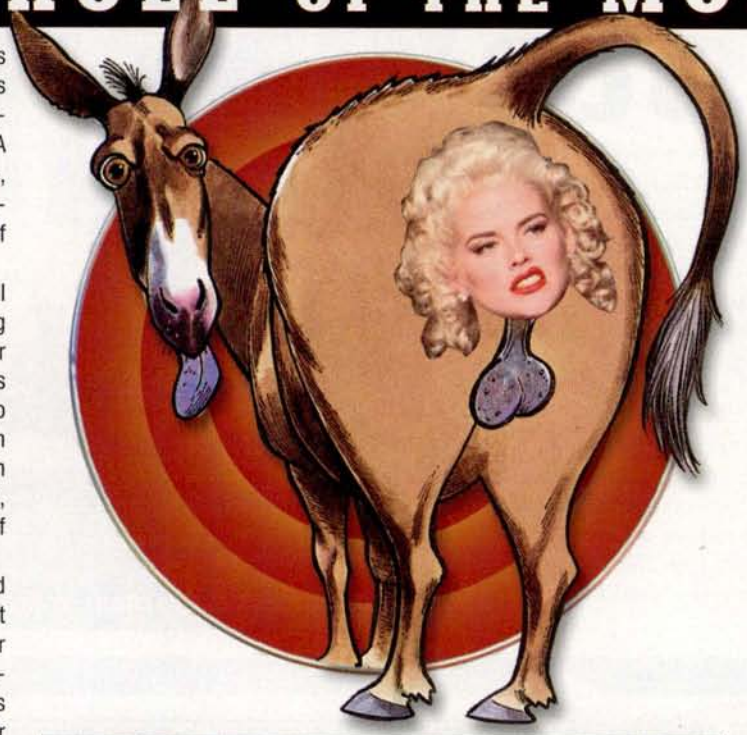
Bits & Pieces

ASSHOLE OF THE MONTH



ANNA NICOLE SMITH

The world is full of fat, dumb sluts who consume inordinate shares of food and space, but they are generally tolerated for their docility. A pudgy, ditzy skank, for instance, might allow herself to be gangfucked in an alley and not be mad if none of you ever call her again.

Sometimes a lardy cum-slot will break from the herd and, mistaking girth for worth, try to make deeper hoofprints. Anna Nicole Smith has done the impossible and grown too big for her already mammoth britches. Smith's fat can has even expanded to America's Magazine, where she is HUSTLER's Asshole of the Month for October 2002.

Smith has an ass like a barn and the jowly leer of a pig in estrus, but her most outsized qualities are her senses of entitlement and accomplishment. In 34 years, she has mastered two skills: Flashing her udders and oozing across the public landscape like the Blob with tits. For this, she expects fame, fortune, awe and sympathy. Smith even aggrandizes her image as an avaricious shitbag.

"I am one of the biggest scandals of the universe," Smith puffs, perhaps assaying her rank in tonnage.

A former *Playboy* Playmate and plus-size model, Smith would've dropped from sight with a hollow thud if she hadn't married oil tycoon J. Howard Marshall II. The octogenarian, incontinent, wheelchair-bound billionaire caught her eye when he rolled into a Houston topless club, where the twentyish piglet was jiggling for grubby bills.

"I saw a very sick man," Smith recalls. "There was no physical attraction at all."

They wed in 1994; Anna established her spousal devotion by fleeing directly from the ceremony for a photo-shoot in Greece. The subsequent 14-month union was notable mainly for the largesse bestowed to the sow: a ranch in Texas, a house in Los Angeles, two cars, $700,000 in clothes, $2.8 million in jewelry and a $5,000 weekly allowance. Not a bad take for a marriage that lasted barely a year, during which Smith was not even obliged to fuck the numb-lapped coot. Still, when Marshall shed the bitch by dropping dead in 1995, Smith made a fat-fingered grab for half his dough, suing her stepson and the old man's legal heir, E. Pierce Marshall.

"I'm not a gold digger," bleated Smith, insisting the geezer "always promised that once we were married, half of everything is mine."

Smith had no evidence of this vow, and none of J. Howard's six wills mentioned her. If Anna's skull weren't as thick as her waist, she might deduce that a Yale Law graduate savvy enough to amass a $1-billion empire was unlikely to entrust his estate to a ninth-grade dropout who, according to court testimony, cannot subtract seven from 100.

Wept Smith, "I'm fighting for my husband and what he wanted me to have." The widow honored hubby by hurling obscenities from the stand and accusing Pierce, without proof, of trying to kill her and playing a part in his father's death. After doing everything but balance on a rubber ball to make the trial a circus, Smith balked when journalists reported her antics: "I don't need people to be going around saying a bunch of silly stuff."

Anna considers herself a spokesperson for media victimhood, having formed Stars Against Scandals, a foundation for celebrities similarly afflicted by unauthorized publicity.

"I never thought to want to ever ask for money," pleads Smith, who nonetheless continues to root for dirty dollars. Initially granted $475 million, Anna sought another half-billion with a contempt claim that was laughed out of court. When her award was reduced to $88.5 million in March 2002, by a judge who made special note of her "incessant and outlandish" greed, Smith unsuccessfully petitioned for an extra 30 mil in interest.

"I think people should fucking feel sorry for me," asserts Anna, who seems unwilling to reciprocate the mercy. Breaking from her self-pity this May, Smith, apparently cured of her distaste for scrutiny, pushed her snout in the public eye to announce a reality-TV series that will chronicle her activities as a camera captures "everything I do."

"I can't wait," Smith smirks. "My life is a roller coaster."

Other than its tendency to induce nausea, Smith's life resembles a roller coaster only in that it forms a giant loop. In Anna's case, it's the empty spiral of a plus-size Asshole.

FARTS IN THE WIND

Reverend Jeffrey Windy: A Roman Catholic priest from Illinois, Windy apparently felt his clerical cohorts have not had an easy enough time molesting altar boys lately. Windy recently pleaded guilty to conspiring to manufacture and distribute GHB, referred to as a "date-rape" drug for its use in sexual assaults. Windy must've been jerking off to *Boys' Life* when his seminary instructor covered the 11th Commandment: Thou shalt not be an Asshole.

Robert Mueller: After news broke that FBI headquarters ignored pre-9/11 warnings from their field offices about terrorist attacks, Bureau head Mueller announced in May—eight months after the strikes—that the FBI will now focus on countering terrorism. Along with the day-late reorganization, Mueller made a dollar-short plea for more funds to hire 800 new employees. If the Asshole had listened to the agents he already has, he might not be in the mess he is today.

Warts and All

Toxic Waists

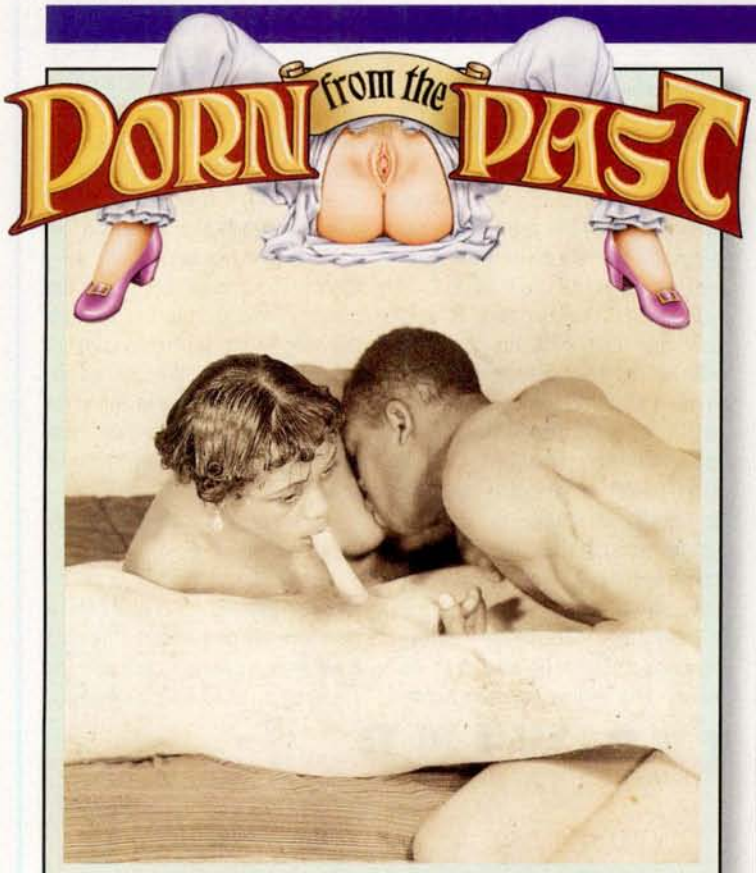
University of California at Berkeley researchers recently discovered that the common weed killer atrazine causes frogs to develop multiple, and sometimes both male and female, sex organs. The herbicide is so prevalent that one researcher told the Associated Press, "There is virtually no atrazine-free environment."

A local frog, who asked not to be identified, dismissed the ostensible benefits of having four penises. "I had a tough enough time getting laid with one dick. Now it's four times the pressure."

Within time, however, the frog might be able to fuck himself. "Yeah, about that," the anonymous amphibian lamented to HUSTLER, "the doctors told me the weed killer also caused my cells to produce an enzyme that converts testosterone to estrogen. I mean, if I wanted a useless dick—let alone four—I would've taken steroids."

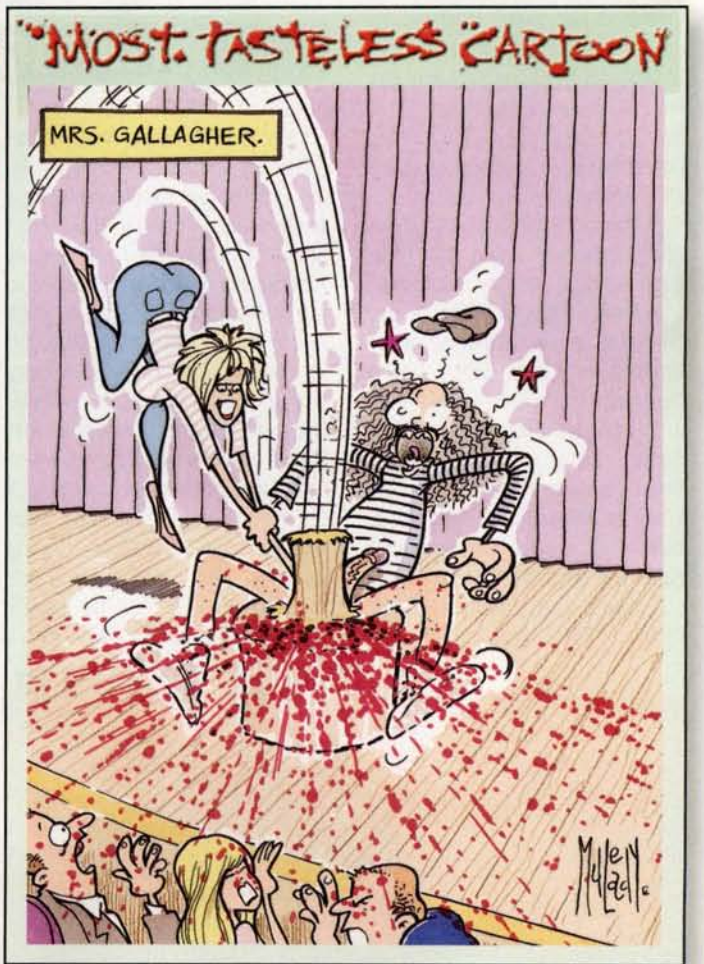
*This gardener is only moments away from **discovering the side effects** her weed killer has on nearby amphibians.*

SATIRE OF ACTUAL, DISTURBING FACTS. NO ACTUAL FROGS WERE GRATIFIED DURING THE MAKING OF THIS PARODY.



Times were so tough for this black couple during the Great Migration that they had to share a cracker.

This scandalous shot of interracial bisexuality is brought to you by S. M. of Pittsburgh, Pennsylvania, who receives a respectable $150. Send your smut of yesteryear to HUSTLER's "Porn From the Past," 8484 Wilshire Boulevard, Suite 900, Beverly Hills, CA 90211. Include a self-addressed, stamped envelope if you want the material returned.



Web, White and Blue: No-Pussy Zone

In an era when an open-ended "war" and scare tactics are used to chip away at our fragile civil liberties; in the face of a government that fights disclosure of its own activities at every turn, yet demands unprecedented access into the private lives of citizens; at a crux in history that will determine if the American people will live in freedom or fear, it is imperative that honest, accurate information reaches everyone.

The recently launched www.larryflynt.com Web site arms the citizenry with undiluted reportage on today's most important issues, especially those regarding personal liberties. With up-to-date bulletins from HUSTLER's correspondent in Afghanistan, a community of links and the opportunity to post items and participate in polls, www.larryflynt.com delivers the news without the bullshit.

Loved or hated, no one denies that Larry Flynt is frank and up-front. Even when everything he built was threatened and he was paralyzed by a would-be assassin, Larry Flynt never pussied out. Expect the same from www.larryflynt.com.

Can you identify the one person among the pussies *who has spent his life furthering free speech and reporting the truth about government dealings? (It isn't Aaron Brown. —Ed.)*

How to Tell Your Girlfriend You're Gay

Dear *Details* Marketing Director:

HUSTLER recognizes that magazine publishing is a competitive undertaking. In order to help you vie with the recent deluge of trendy "lad mags" hawking pseudocelebrity women as eye candy, we suggest a moratorium on cover lines such as the one "Will and Gracing" your June 2002 issue, "How to Tell Your Girlfriend You're Gay." While our initial reaction was, "What's with these fags?" we have conducted our own research on the matter and discovered that the best way to express one's homosexuality to the world is to be caught reading your magazine.

Up yours,
HUSTLER Editorial

Screwing the Gooch

In the Doghouse

Cancer-stricken Bob Guccione's bankrupting attempts to generate interest in *Penthouse* culminated in the rag publishing what it claimed were naked photos of Anna Kournikova (purchased from a St. Louis jewelry salesman). Not only did the tennis hottie sue, so did clothing heiress Judith Soltesz-Benetton, the person actually pictured sunbathing topless. The debacle is reminiscent of Guccione's "alien autopsy" photos, which were also later revealed as a hoax. *Mamma mia!* Before *Penthouse* becomes a total parody of itself, HUSTLER—as usual—beats them to the punch.

COMING IN THE MAY

PENTHAUS

THIS TIME, ANNA KOURNIKOVA NUDE FOR REAL (WE SWEAR!)

We verified that these pictures are of the sultry tennis pro because the woman in this photo has the same size nipples as Kournikova, who, *um*, never appeared nude anywhere. Our defense is bulletproof! Besides, the Miami fish salesman who shot this seven-year-old video says he's pretty sure about it too.

TWIN WOW-ERS MARY-KATE AND ASHLEY OLSEN

So what if they're, like, 12? We pulled stills from this never-before-seen home video of one of Mary-Kate and Ashley's Vaseline slumber parties. Coincidentally, just like *Penthaus*, they smear Vaseline all over their camera lens too. What are the chances? This totally authentic video was sold to us by a black crack addict who claimed to be the girls' father and/or pimp.

BRITNEY SPEARS ALIEN BIOPSY!

Oops, we did it again! A German sausage grinder sold us these unquestionable photos of Britney Spears, where, for a brief moment, her alien cloaking device is let down, revealing the buxom blonde to be an extraterrestrial. And if you're still not tempted to buy the magazine next month, we'll also say she shows her big, fake tits.

A *PENTHAUS* EXCLUSIVE! LAURA BUSH SHOWS HER BUSH!

Yeah, we passed on the nude Jackie O pictures that made Larry Flynt a household name, but not this time! Our reputable photographer (a Hoboken shoe-shine boy) promises us these pictures he took (from his dentist's copy of *National Geographic*) are, in fact, Laura Bush. Bob Guccione himself examined the photos and jerked off to them. You will too. The spread will be sandwiched between a sophisticated "Balloonheads" cartoon and a hot, steamy Alan Dershowitz essay.

C11 PENTHAUS

PARODY. NOT TO BE TAKEN SERIOUSLY. ALTHOUGH IT MIGHT FOOL GUCCIONE. NONE OF THIS IS REAL, ESPECIALLY THE OLSEN TWINS.

When Lab Animals Attack!

Dirty Rats

On May 2, 2002, the journal *Nature* published findings from neurological researchers who implanted electrodes in the brains of five rats, then guided them through an obstacle course via remote control. The Department of Defense, which funded the project, first contracted HUSTLER Labs to "work the bugs out" of the skull-violating technology on porn stars, so as to avoid any harm to the $1.95 rodents. Our rat scientists led their subject, Gauge, through numerous tests, including such tasks as pants removal, beer retrieval and an exercise referred to as "sucky-sucky, licky-licky."

It took awhile for the rats to ***find a porn star with a brain*** *big enough to accommodate electrodes, but once they did, the research was phenomenal.* ***"Mind control is the only way some girls can take direction,"*** *a HUSTLER photographer was overheard saying.*

Chocolate Covergirl

I really loved the July 2002 HUSTLER. The girls were amazing, particularly Kiwi (Kiwi: Slow Hand). Is this the first time that HUSTLER has had a black chick on the cover? —*A. C.*
Allentown, Pennsylvania

We dug Kiwi as much as you; that's why we put her on the front of our publication. HUSTLER has been practicing porn integration longer than anyone. Sisters have graced our covers since 1979.

Prairie Beaver

I always thought that Wyoming was the last place on earth I'd want to go. Maggie, from Cheyenne, Wyoming, in the July 2002 Beaver Hunt, changed my mind. I love her tight, little body. I'd hike through the desert for a drink from Maggie's oasis! Make this tasty, little filly a finalist so I can have a better look at her lovely gash without making the trek out west. —*F. B.*
Burlington, Vermont

Close Encounters With Beaver

I've always wondered if the Beaver Hunt girls were authentic amateurs, or just a bunch of pro posers. I'm happy to report that at least one is for real, and she has my vote. I met Holly from Covina, California, (July 2002 HUSTLER) at a local sports bar. She showed me and my drinking buddies her picture in HUSTLER and asked us to vote for her. Please make Holly a Beaver Hunt finalist and allow her dreams to come true. —*G. S.*
Diamond Bar, California

You're a lucky man, G. S. Beavers are a rare breed. If you ever spot one that hasn't been submitted, snap a picture and send it to us immediately. You'll be doing a service to HUSTLER, our readers and your country.

Kristy Creme

Kristy is a fine-looking girl (Kristy: Two Lips Budding, May 2002 HUSTLER). That irresistible babe has inspired me to milk my schwang every day for the past month. In the accompanying text you mention something about voting for this hot babe. What's that all about, and when can I cast my vote? —*A. M.*
via Internet

As a *Beaver Hunt* finalist, Kristy is one of four gorgeous amateur girls in the running to win $5,000 and pose for a full layout in a future issue. Check out the Holiday 2002 HUSTLER for the *Beaver Hunt* Grand Prize ballot.

The Real Deal

I love what Larry Flynt has been doing with his magazines and videos. I'm really into swinging and amateur sex; so it's no surprise that I enjoy Beaver Hunt so much. Are there any HUSTLER videos in the works that cater to my love of reality porn? —*T. N.*
Camp Lejeune, North Carolina

HUSTLER'S REAL COLLEGE GIRLS stars money-hungry young tramps who answer classified ads in local papers. You'll never find more attractive first-timers on tape. Call (877) 325-6464 to order a videocassette or DVD.

CONSUMER ALERT: When ordering merchandise through any mail-order supplier, minimize your risk of being disappointed by dealing only with mail-order merchants who accept credit-card payment and have a working phone number in their ads. Any offer that seems too good to be true is probably untrue.

More Man Ass

"Open Manhole" (Bits & Pieces) from the July 2002 HUSTLER was extremely homophobic and detrimental to your magazine. Don't you realize that many female readers love to look at and rim assholes? Whether you like it or not, many of your readers are gay or bisexual men who enjoy seeing the occasional male pooper in HUSTLER. Give both Matti Klatt and Clive McLean a raise, and tell them to snap us more shots of hairy man butt. —*C. C.*

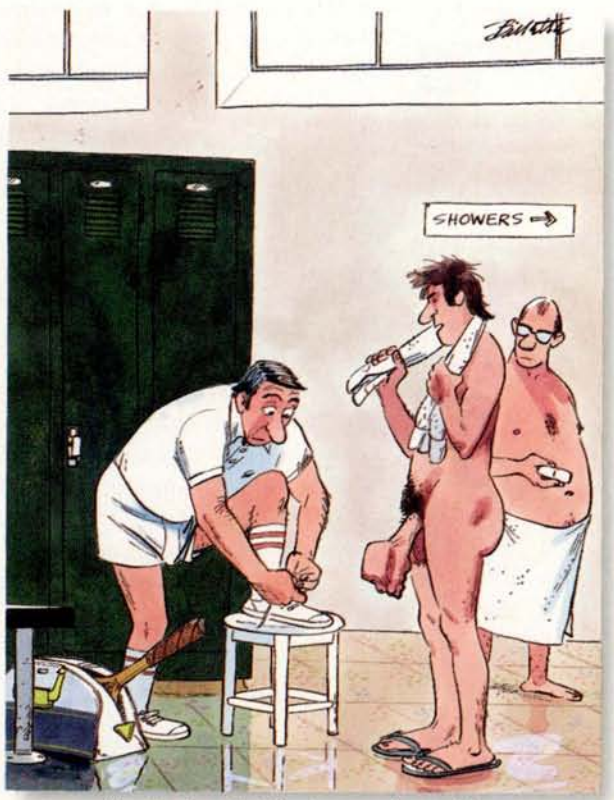
Request a Cunt

I would like to see more porn stars in HUSTLER layouts. My personal favorite

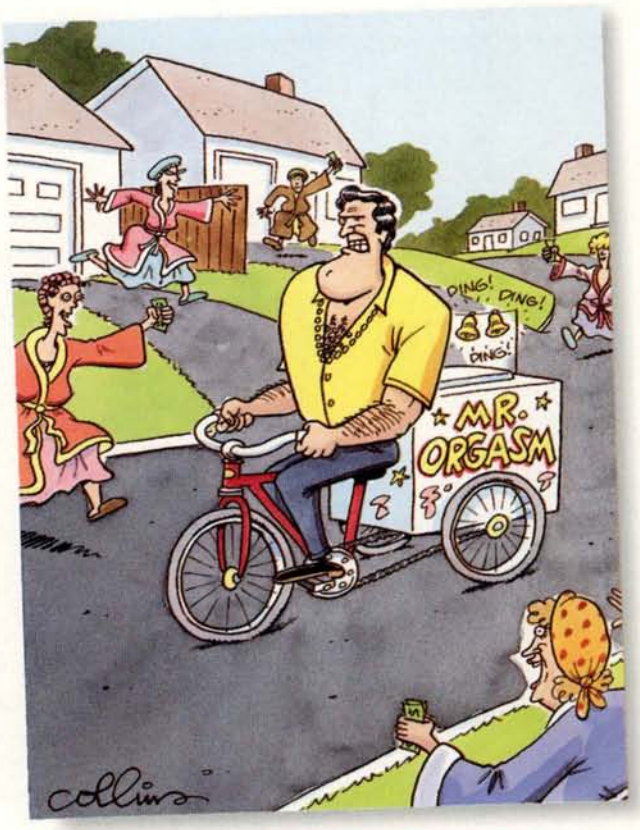
HUSTLER classic cartoons

"Fenwick, I'd like to talk to you about your interpretation of the dress code."

"Okay, can anyone tell me another side effect of premarital S-E-X?"



"Just to be safe, I keep my wallet and keys under my foreskin."



"I just started subscribing to HUSTLER again and have no plans to ever cancel. You guys are the true leaders in smut."

is a gorgeous, black slut named Dominique Simone. I've seen every one of her movies and would love to have an issue of HUSTLER with her in the centerfold. What do you say? —T. S.
Rutland, Vermont

Every issue of HUSTLER is chock-full of blue-screen stars. Check the last page of our photo-sets to find out what video each Honey has starred in. We're sorry to say that your favorite babe, Dominique, has been out of action for the past several years. Write again when she comes out of retirement.

A Boner to Pick

I just bought the August 2002 HUSTLER and have a couple of complaints. I found the girl/girl pictorial featuring Valentine and Natasha (Valentine and Natasha: Desert Dessert) to be dull. The shot of the pair holding each other as they gaze off into the sunset was a complete waste of a page. The dykes also have a double-ended dong in their possession, but never fuck it simultaneously. There are no good close-ups of Valentine's pierced clit, and not a bit of finger-banging or 69. Look back to Orchidea and Felony: Match Made in Heaven (March 2002 HUSTLER) to see the proper way to do lesbo layouts. The shot of Jade (Jade: High Flyin' and Low Ridin') standing in front of a fireplace in the August 2002 HUSTLER really ticks me off too. Are you guys trying to be Penthouse? Cut out the artsy-fartsy bullshit and stick to hard-core. I haven't had a reason to complain lately, but now that I've seen something wrong, I felt compelled to speak up. —C. J.
Whittier, California

Peter-meter Reader

I just started subscribing to HUSTLER again and have no plans to ever cancel. You guys are the true leaders in smut and always give your readers the inside scoop regarding what's going down in the porn world. That's why I subscribed to HUSTLER EROTIC VIDEO GUIDE as well. Between the articles in Erotic Entertainment and HEVG, I have more hard-hitting XXX reviews and interviews than I can handle. Thanks again for both great magazines. —D. C.
North Muskegon, Michigan

Glow-in-the-Dark Snatch

Please tell your photo editors to leave their highlighter pens at home. Nearly every woman in every pictorial has a vibrant, pink twat. Perhaps your large contingent of inmate readers finds this over-the-top coloring appealing as a refreshing change to all the browneyes they see every day. Normal readers like me find this tinting distracting. The August 2002 issue featured two gorgeous women, Jade (Jade: High Flying' and Low Ridin') and Rita (Rita: Stacked Deck), whose pictorials were ruined by their fake-looking, neon pussies. Readers all know where to find a woman's twat; we don't need a fluorescent bull's-eye painted on it to lead us there. Because of your insistence on painting cunts, I will not renew my subscription to HUSTLER. In fact, the only reason I am not cancelling my subscription immediately is that I hope to see my letter in print so that I and others like myself will receive some measure of vindication. —B. P.

Even Harder Kink

Here's a grand salute to May 2002's HARD KINK insert. Thanks for finally serving up a bit of nastiness for the twisted HUSTLER reader. You've whetted my appetite for explicit smut. Where can I find the pictures or videos of Bridgette Kerkove with two dicks and a dildo in her ass, or Chloe with a fist crammed into her cooze? —I. V.

Kerkove performs her most extreme acts on her personal Web site (www.bridgette-kerkove.com). Chloe's fisting photos appeared in the infamous June 2000 issue of HUSTLER'S TABOO; *(continued on page 29)*

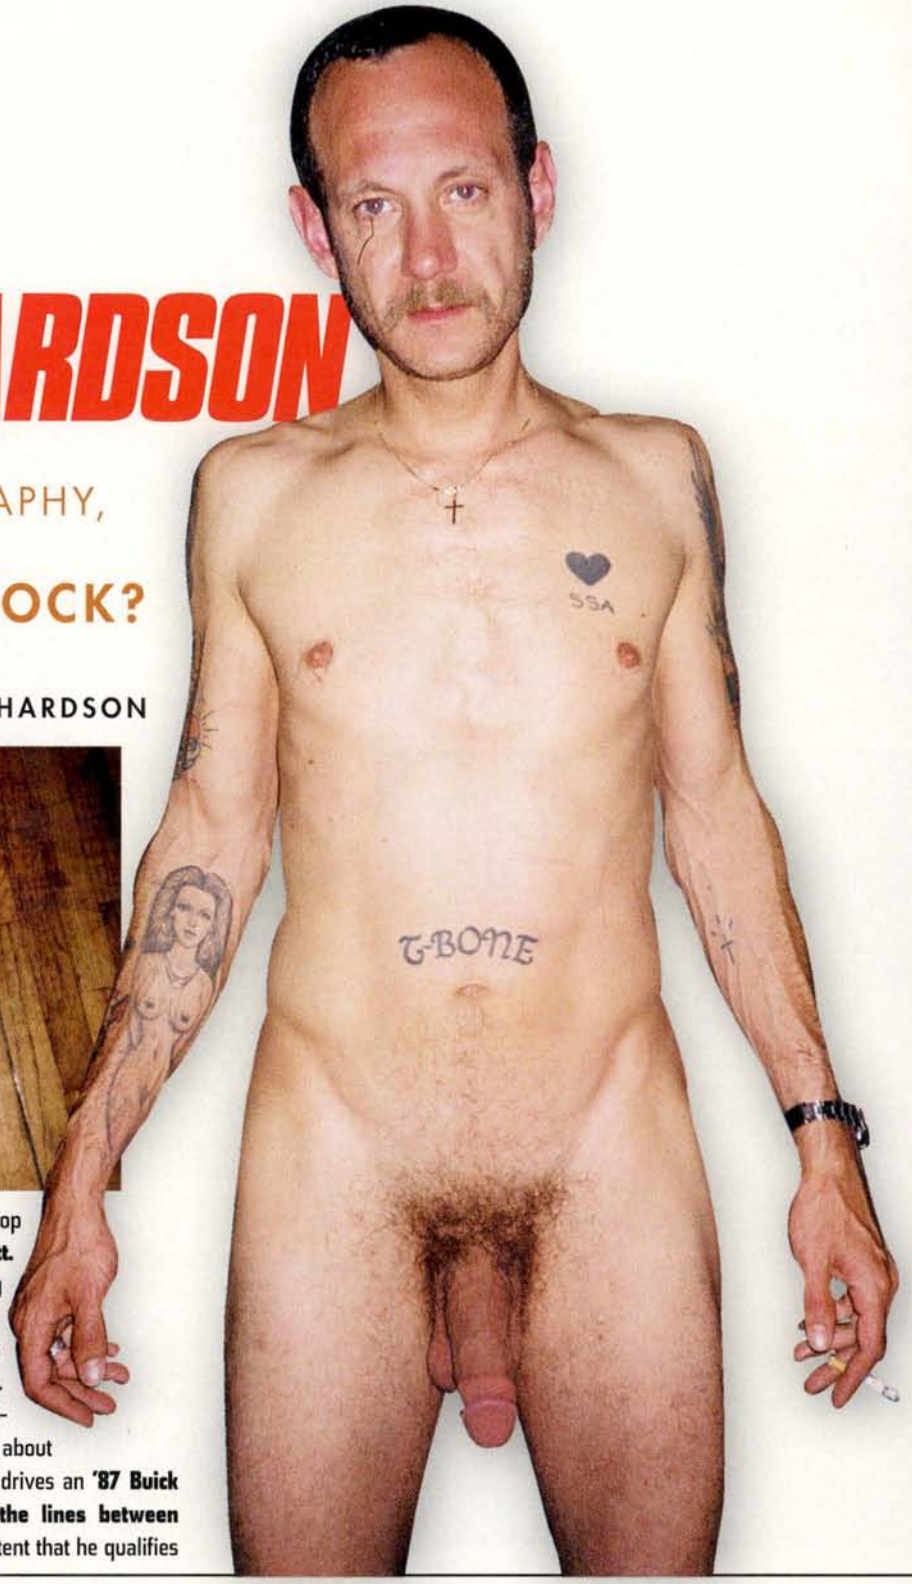
TERRY RICHARDSON

SAVIOR OF FASHION PHOTOGRAPHY, OR JUST A MAN **IN LOVE WITH HIS COCK?**

Q&A BY **STEPHEN SONNEVELD**

ALL PHOTOS BY **TERRY RICHARDSON**



Photographer **Terry Richardson** has shot ad campaigns for top fashion houses such as **Gucci, Sisley** and **Katherine Hamnett.** His books include **Hysteric Glamour, Son of Bob** and **Feared by Men Desired by Women.** His photographs appear in snooty magazines on at least four continents, and prints are sold in top galleries in cultural meccas such as New York City and London. Richardson's work has even been shown in museums, including at the famous **Louvre of Paris, France.** The thing to know about Terry Richardson, though, is that he drives an **'87 Buick Grand National** and has **blurred the lines between fashion, art and porn** to such an extent that he qualifies for a HUSTLER interview.

HUSTLER: *How would you describe your work for someone who has never seen it?*

RICHARDSON: (Laughs.) I started taking pictures just running around with my camera photographing kids on the street and going home at night with people, and people out at clubs. I take pictures all the time, basically; so in a weird sense, even if it's an assignment, it's still my life. You can call it some sort of scrapbook.

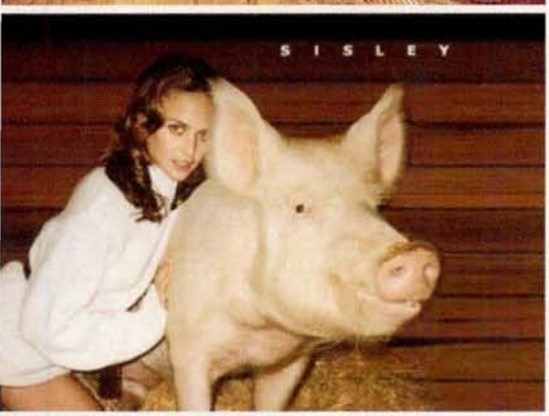
HUSTLER: *Of life?*

RICHARDSON: Of my life, and all the girls that will get naked for me. And not sign releases. I get girls, guys over to do all this stuff, and then they won't sign releases, and I always think, What the hell am I supposed to do with these now? Am I supposed to jerk off or something?

HUSTLER: *Why do they do that?*

RICHARDSON: Some people just get caught up in the moment, especially models who you're not actually paying, and they'll do a bunch of stuff, and then afterward, they'll be like, "Well, I don't want those run; so they're just for you."

HUSTLER: *They don't want their tomfoolery immortalized.*



RICHARDSON: Or they just want to wind me up.

HUSTLER: Do they wind you up?

RICHARDSON: Sometimes when you're photographing someone, it can get quite sexual, but after you've been doing it for some time, you lose that horny teenager thing. In the beginning, I'd be all shaky and stuff.

HUSTLER: Would you ever consider a career in porn?

RICHARDSON: Totally. I'd love to do stuff like that. For a lot of the magazines, you have to find your own models to shoot. Where do they go and find these girls to do this, especially the videos and stuff? It's amazing what people will do for $500. And sign releases.

HUSTLER: Are your images different from porn?

RICHARDSON: Most of my work is in fashion magazines, or art fashion. Whatever the hell you call it, I like pushing it. I like working in a medium where it's not porn, and trying to push it as much as you can, and get away with things that are a little subversive or subtle. It's nice to fuck with the norm and get images out. The key is to do imagery that gets run but still pushes the boundaries. It's funny, too, because porn models are like fashion models. They all do the same kind of poses. Legs up. Head up. Arms back. Pee. I've shot porn models before, and they just give you what they give everyone else, basically. They run through all the poses. It's nice when you find people who've never done it before. It's fresher.

I like working in a medium where it's not porn, and trying to push it as much as you can....

HUSTLER: What do you do to make a photograph memorable?

RICHARDSON: You have to get people's attention. It has to haunt them a bit. I'm trying to create some sort of image that stops people. The key is to create some kind of arresting image that stays with people.

HUSTLER: Do you plan these arresting images?

RICHARDSON: A lot of what I do is spontaneous. I've worked for a company called Sisley for about five years, and I do the advertising stuff. We've done girl-girl, boy-girl, boy-boy. We did one with animals, cows squirting milk in girls' faces, and pigs, that whole bestiality thing. Something like that, we'll plan out, 'cause you know a cow's udder sprayed into a girl's mouth is gonna look like a cum-shot.

HUSTLER: Sure. Did you define yourself as a "rocktographer"?

RICHARDSON: I said that as a joke. I used to play music. (Laughs.) Rocktographer. It's not bad though, right?

HUSTLER: It's better than "porno chic."

RICHARDSON: Porno chic. I didn't come up with that one. Sounds like a very English thing to say.

HUSTLER: You also include nude pictures of yourself in your exhibits.

RICHARDSON: Sometimes.

HUSTLER: Does your own penis turn you on?

RICHARDSON: The penis? The whole body! I masturbate in front of the mirror all the time. If you can't get off on yourself, then no one can get off on you. What are you gonna do?

HUSTLER: You don't need to leave the house, do you?

RICHARDSON: I just sit there in front of the mirror. I always have my joke of never asking someone to do something I wouldn't do myself.

HUSTLER: Have you taken an udder in the mouth?

RICHARDSON: If they asked me to, I would've. If they asked me to stick my fist up the don-

key's butt, I probably would have done that too. I just saw that on TV. It was that show Jackass. They were impregnating a donkey or something, and that guy stuck his fist and arm up the donkey's ass.

HUSTLER: I saw a woman jerking off a pig on TV the other night.

RICHARDSON: See, it's amazing what people will do for ratings and what actually passes by censors now. There's a bombardment of people trying to go as far over the top as they can to get attention. Where will they draw the line? (Laughs.)

HUSTLER: How do you respond to people who dismiss your pictures as done for shock value?

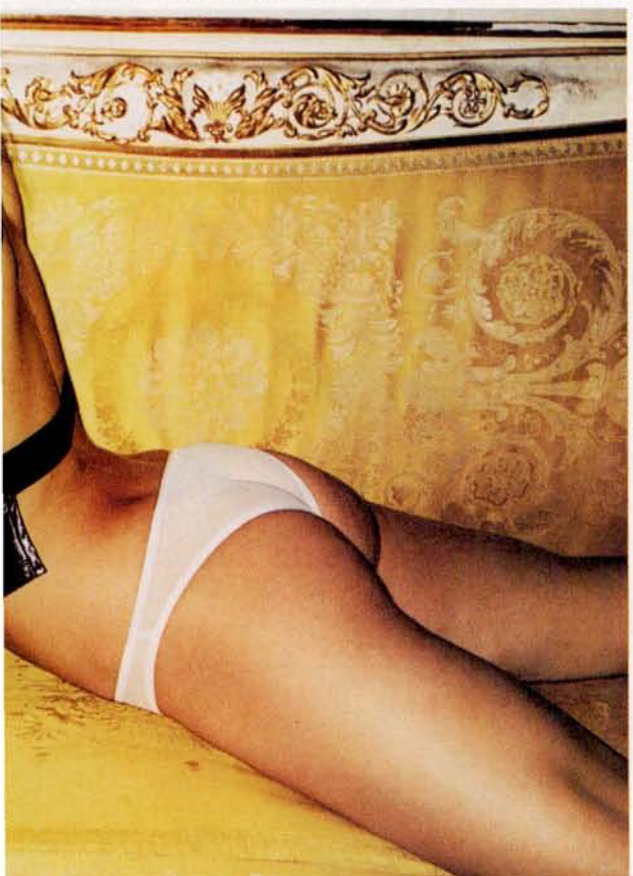
RICHARDSON: That's fine, because they remember them. Shock value's good.

HUSTLER: Are you concerned about being remembered by posterity?

RICHARDSON: Yeah, why not? So many people have inspired me; so I hope to do stuff that inspires people, and motivates people to go against the mediocre.

HUSTLER: Have you noticed a change in the mood of the country, and if so, how does it relate to your work?

RICHARDSON: People say, "Oh, everything's gonna get softer and more romantic, and not about sex." But people are fucking more now than ever. Especially in New York. Everyone was going out having one-night stands the week after 9/11. People always respond to sex. I mean, it's summer in New York; people are walking around in almost nothing right now. People say, "Oh, life's changed." But people still want to escape; people still want to have sex.



HUSTLER: Is there any situation you would not want to photograph?

RICHARDSON: I'm so moral. I always make sure when I'm taking pictures that people are 18 and older. You come across 16-, 17-year-old girls who want to take pictures and do things, but even at 18, you're quite young, but at least you're kind of legal. I guess there are certain things I would not find interesting.

HUSTLER: How do your girlfriends react to your work?

RICHARDSON: My last one used to get really upset by it.

HUSTLER: Because you photograph women taking udder cum-shots?

RICHARDSON: I always do these pictures of me posing with these naked girls and stuff. To me, it's just like work. It's what I do. I'm not trying to get in every girl's pants at all. I'm the opposite of the sleazy photographer.

HUSTLER: Do people assume you're gay because you work in fashion?

RICHARDSON: I should hope so.

HUSTLER: And why is that?

RICHARDSON: No, I'm teasing. Everyone used to think I was English and gay.

HUSTLER: Well, I never thought you were English. Besides sex, what else do you hope to bring to your work?

RICHARDSON: Humor's really important. The hardest thing to do with an image is make people laugh. Sometimes people will call me, and they're like, "Dude, I just saw these pictures when I was at the airport, and I started laughing so hard." That, to me, is the greatest compliment.

HUSTLER: You must get a lot of great clothes for free.

RICHARDSON: They never give you clothes. I did Gucci for a couple seasons last year. This big box would come, and I kept saying, Can I have a suit, 42 long? It would be an overnight bag, or a bottle of vodka. The suit never came.

HUSTLER: I didn't even know Gucci made vodka.

RICHARDSON: I like old clothes anyway. I like thrift stores.

HUSTLER: Maybe you can do a shoot for the Salvation Army.

This, however, is **clearly art.**

"HUSTLER is the best porn mag on the market, and Larry Flynt is the best porn peddler in the history of XXX."

Special Defect

I was looking through some old issues of HUSTLER when I came across one of the most beautiful women to ever grace the pages of America's Magazine. Her name is MaryJane (MaryJane: The Hole Truth, February 1999), and she's a real knockout. I couldn't help but notice that someone screwed up one of the pictures by erasing her perfectly good gash and using a computer to paint a fake-looking, digital slit in its place. Who would do such a thing? —G. S.
Cove, Arkansas

We have a hunch that digital addict George Lucas and his CuntCloners are the culprits. This crime won't go unpunished, G. S.; we've assigned our best man, Booby Fett, to the case.

Rations Wanted

Charlie Company of the 3/187 Infantry has recently been deployed to Camp Kandahar, Afghanistan. We've managed to sneak HUSTLER into the country through rucksacks and mail, but these few just aren't enough. HUSTLER is the soldier's lifeline to the USA. Can you please print our mailing address so that patriotic readers can send us the porn that we desperately need? —D. D.
Kandahar, Afghanistan

Porn is illegal in Afghanistan, and HUSTLER never encourages the breaking of laws, legal or foreign, but send all appropriate care packages to: Any Soldier, Any Unit, APO, AE 09355.

Asshole Supporter

HUSTLER is the best porn mag on the market, and Larry Flynt is the best porn peddler in the history of XXX. I recently purchased your video HUSTLER'S REAL COLLEGE GIRLS, which was great, but that's as far as my praise goes. I always disagree with "Asshole of the Month," because my politics are the opposite of Larry's. Apparently, Mr. Flynt has never met a Democrat he didn't like. Making Ted Olson "Asshole of the Month" (August 2002 HUSTLER) when his wife, Barbara, was killed in one of the terrorist crashes, was beyond the pale. I happened to admire Barbara. If Larry wanted to name Olson "Asshole of the Month," he should at least have waited a reasonable length of time after Barbara's death. —C. S.
Stuart, Florida

Why should we give Olson a break, when he never took a breather from being such a major Asshole?

Dear Slut

Jeanna Fine Tells the Fucking Truth

Old Tuna, Fresh Smell

It's my understanding that pussies reek because of the hormonal changes that women go through from day to day. By that logic, menopause ought to clear up such problems. Do snatches outgrow their stink? —W. O.
via Internet

The aroma of a pussy is all a matter of hygiene. There are many nooks and crannies to keep clean. No matter the age, there is always the potential for crotch funk. A wrinkled twat can make as much of a stink as a young one. A daily wash is all it takes to keep these smells at bay.

Coming on Cock

My boyfriend and I have been dating for three years. Every time we fuck I either have to fake an orgasm or play with myself while we're screwing in order to get off. Is something wrong with me? What can we do that will make me climax during intercourse? —A. G.
via Internet

Playing with yourself during intercourse isn't cheating. Do whatever you have to do to obtain an orgasm. Clitoral stimulation is an easier method to reach climax; vaginal orgasms are much more difficult to achieve. Climb atop your man's prick and take control of the ride. If you can't find your internal "O" that way, you probably never will.

Yeast of Burden

I am plagued by yeast infections. I've been to the gynecologist several times, but they just prescribe a salve and send me on my way. The next month the infection comes back. I want to be free of this painful nuisance, but nothing seems to help. Any ideas? —G. P.
Boulder, Colorado

If you're douching, stop. Abstain from sex, or at least penetration, until you've solved this problem. Throw out your dildos and vibrators, and buy brand-new (uninfected) ones. Switch from tampons to pads during menstruation. Finally, if your gynecologist won't work to find a solution, go to a new pussy doctor. Most importantly, be patient and listen to your body, and this problem should clear up in due time.

Crotch Fungus

I have a serious foot fetish, and my wife doesn't mind satisfying my carnal whims. Needless to say, I enjoy my share of foot-jobs. Lately my prick has been itchy and dry. Is it possible that my wife has given me athlete's cock? If so, is it safe to use typical foot medication on my dick? —R. O.
Manchester, Connecticut

Athlete's foot can be passed from the foot to the groin. A jar of antifungal crotch cream should clear up the problem in a jiffy. Stay away from aerosol athlete's-foot sprays, because they could burn or irritate your urethra. If medicines don't solve your problem, send your woman for a pedicure. Callouses and hangnails could be rubbing your dick the wrong way.

Sleazy Kid Stuff

I masturbate while looking at (nonexplicit) pictures of children. I refuse to support child pornography, and would never do anything to harm a kid. Looking at photos of tykes playing or posing for elementary-school pictures is the only way I can pleasure myself. I know that most people will find my fetish obscene or even illegal, but I'm not really hurting anybody, am I? —I. N.
Glendale, California

Practice your kink in the privacy of your own home. Never touch, irresponsibly communicate with or harm children. Refrain from sharing your juvenile interests with others. And above all, seek psychological help immediately if you feel the urge to break society's darkest taboo.

Sorry Swap Meets

I keep trying to throw swing parties for my friends, but they always end miserably. We play dirty board games, drink and watch porn, but as soon as people start to become randy, they pair off with their husbands and wives and retire to a bedroom or closet to screw. Once my wife and I tried fucking in the living room where everyone could see, but no one joined in. They all went out to the porch to smoke cigarettes. Why are my fuckfests such failures? —V. U.
Baltimore, Maryland

Your parties suck because your friends aren't swingers. Look online or at conventions the next time you want to make a sex-party guest list. Scour the local sex papers for potential wife-swapping pals, and save your timid friends for ice-cream socials and tea parties.

Snowball Phobia

My girlfriend always wants to make out immediately after giving me head. Don't get me wrong, I'm very grateful to have a woman who loves to suck cock as much as she does, but the idea of kissing her *(continued on page 40)*

Young & Black: *You don't have to be ghetto to gang-bang.*

Young & Black: *There's more than one way to earn props.*

Young & Black: *Even Billy Dee couldn't look this smooth eating twat.*

Young & Black

Directed by Sula Long.
Starring Cashmere, Kiwi, Monica, Nicole Lé, Ice, Sky Jolie, T. J. Cummings, Ekzavir Wray, Julian St. Jox and Jason Zupalo.
Videocassette & DVD: HUSTLER Video.

Well-heeled sisters fuck the help in *Young & Black*. Flagship nubian Cashmere and her barely legal girlfriends dump the ghetto-fabulous, Lil' Kim lifestyle for the empowered, Destiny's Child vibe, but still wind up acting like a bunch of whores. Two of the babes bone the houseboy and another hooks up with the pool cleaner. Cashmere, the carnal ringleader, cooks up a hard-core throw-down in her dad's million-dollar crib. Before the party starts, Cashmere has to mollify her pop's nosy accountant, Julian St. Jox. The leering numbers-cruncher takes one look at Cashmere's perfect bod and names the price for silence—unlimited access. The accomodating hostess succumbs, taking his hefty tool in the shitter. St. Jox piledrives Cashmere, then sprays a string of jizz across the length of the swarthy tramp's frame. In *Young & Black*, bribing fools with anal ain't nothing but a thang.

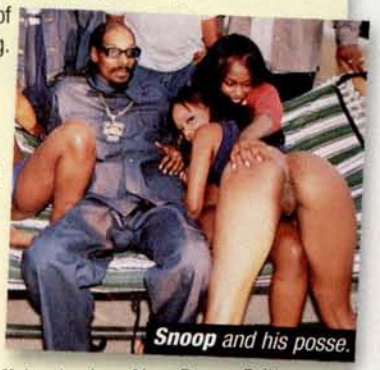
Between Rock and a Hard-core Place

When Music and Muff Mix

Stephanie Swift as a stripper/songwriter.

The music that accompanies XXX usually sucks. Wicked Pictures's newest film project *Makin' It* hopes to buck that trend by enlisting Stephanie Swift, Aria and Joel Lawrence to sing in a blue-screen musical about a young slut trying to break into pop music. In an effort to determine whether *Makin' It* will fall flat or strike a chord with the fist-fucking crowd, *Erotic Entertainment* measures the success of past attempts to combine sex and song.



Snoop and his posse.

Snoop Dogg's Doggystyle
(HUSTLER Video)

The Doggfather's initial porn outing fuses ghetto beats with hard-core fucking. This porn triumph is destined to be the blueprint for all future tune-and-poon endeavors.

Swinging in the Rain
(Nitro Productions)

This all-singing, all-snatch affair starring Alex Dane, Brittany Andrews and Nikki Sinn is hot, but there's a reason these gals migrated to the porn biz.

Traci Lords

1,000 Fires, Lords's 1995 techno album, failed to ignite any flames; the former dick slurper's hopes for a respectable career crashed and burned.

Boogie Nights

Mark Wahlberg's Dirk Diggler character possessed a huge cock, but godawful singing skills. His terrible song "The Touch" was actually the theme song for the animated *Transformers* movie.

Wally Wanker's Candy Fucktory
(Extreme Associates)

Even the hilarious Umpa Humpas couldn't save this tasteless spoof from sucking big-time. Chock full o' nuts, show-tune parodies and anally motivated chocolate wrestling, this flick is more painful than a mouth full of cavities.

The Anal Girls of Tobacco Road #2

Directed by Ty Endicott.
Starring Jade, Violet, Cherry, Jenna Lane and some anonymous, nicotine-craving mooks.
Videocassette: Jet Multimedia.

The Surgeon General has nothing on *The Anal Girls of Tobacco Road #2* when it comes to making smoking seem profoundly unerotic. Rarely has a female looked more bored than Asian tramp Jade. Jade silently drags on her cigarette, blows smoke and listlessly flicks the tip of her cig into an ashtray as her snatch is mashed by the pasty, white flesh of an unknown swordsman. Sadly, Jade probably enjoyed filming that scene more than 99% of her other onscreen violations; hardly anybody is allowed to light up on the job these days, and Jade's scene feels like an extended smoke break. Elsewhere, nicotine addict Violet puffs happily while being pounded in the butt. With only four wheezing scenes, no one will be getting hooked on *The Anal Girls of Tobacco Road #2*.

—Clive Thurstwood

Skin: Catch 22

Directed by Harry S. Morgan.
Starring Julian Robaire, Anita Minitre, Mathilda X, Stephanie Grimaldi, Jana Schlegel, Zuzanna Hoff, Richard Langin, Phillipe Arnaud and David Perry.
Videocassette: Eurotique Entertainment.

Leather and bondage bolster the fucking in *Skin: Catch 22*. Clocking in at just over an hour, this import screwfest flies through seven economic kink-core couplings. The flick kicks off with a close-up examination of oversized labia as they're stretched and flapped like beefy moth wings; the same lippy cunt is fucked by the pointy toe of a patent-leather boot. A pair of masked mooks discover another babe lying prone on a glass table. The pricks pour sparkling wine on her exquisite body, playfully diddle her clit, then double-penetrate the bitch. In another romp, a master releases two sex slaves from a cage. He leads each into a barn, where he harnesses them in a sling and screws them senseless. Only *Skin: Catch 22*'s short running time and overdubbed moans could be perceived as negatives.

—N. V.

Dark Influences

Directed by Bud Lee.
Starring Asia Carrera, Elizabeth X, Coral Sands, Nicole Sheridan, Monique, C. J. Bennett, Steven St. Croix, Voodoo and Jack Hammer.
Videocassette: Adam & Eve Productions.

There's something mysterious happening in *Dark Influences*. It appears that Asia Carrera's MENSA-approved brain has grown even bigger, expanding her forehead to Helen Hunt-like proportions. Increased cranial capacity, however, didn't provide the legendary choad-huffer with the wisdom to skip this hard-core retread of *What Lies Beneath*. Steven St. Croix does a respectable Harrison Ford impersonation and thoroughly drills Carrera's ginch in the opening scene, but the best rut is between St. Croix and Elizabeth X. Not quite the looker that Carrera is, Elizabeth X nonetheless sports a lean, sinewy bod that writhes exquisitely when violated. Although the humping in this vid is standard couples fare, Elizabeth X's tight curves and projectile tits hint at all the nasty possibilities that *Dark Influences* seems intent on avoiding.

—C. T.

Women in Uniform

Directed by Brad Armstrong.
Starring Devinn Lane, Asia Carrera, Tanya Danielle, April, Nicole Sheridan, Lola, Lezley Zen, Monica Mayhem, Angelica Sin, Randy Spears, Brad Armstrong, Pat Myne and Voodoo.
Videocassette: Wicked Pictures.

Women in Uniform salutes stiffies with seven well-dressed hard-core scenes. Starlet Devinn Lane is present throughout, donning formal duds and quite often doffing them to join in the action. Lezley Zen and Lane, both in dress blues, drop their weapons and take each other on with silver dildos. Later, Devinn appears as a letter carrier, clad in an authentic USPS uniform, and delivers a rousing solo scene in the back of an actual mail truck. Other vignettes offer only cursory doses of the women's costumes, creating missed opportunities. As a sultry bellhop, Devinn is quickly ejected from a hotel elevator so guests Voodoo and Nicole Sheridan can have the car to themselves for an anal escapade. As a meter maid, Devinn leaves a ticket on a vehicle, then makes tracks as the occupants screw. Anal comeuppance for the hated parking enforcer would have made *Women in Uniform* a hard-core masterpiece. ***—N. V.***

Forced Entry: *All the other shots those sick fucks sent us were too hard.*

Savage Security: *Gina Lynn covers her client.*

Forced Entry

Directed by Lizzy Borden.
Starring Veronica Caine, Taylor St. Claire, Jewel De'Nyle, Alexandra Quinn, Luciano, Mickey G., Brian Surewood, Valentino and Rob Black.
Videocassette: Extreme Associates.

Forced Entry abducts and violates smut stars. Serial killer Luciano invades Jewel De'Nyle's home, then her orifices. Jewel whimpers as her twat is ravaged and cries while she's anally violated, but doesn't bother to bite down when the rapist crams his prick in her craw. The villain sprays his evil seed on Jewel's face, then hoses off her mug with piss. To cap the scene, Luciano smothers his real-life fiancee with a plastic bag. Luciano's spree continues as he rapes and fists Taylor St. Claire at gunpoint before shooting her *and* her dog. The copycat killer, who name-drops Richard Ramirez after stabbing Veronica Caine, is eventually kicked to death by a vigilante mob. In other words, a standard Extreme Associates affair. The controversy that surrounds *Forced Entry* is more inflated than most viewers' pricks will be. ***—N. V.***

Savage Security

Directed by Jim Enright.
Starring Gina Lynn, Celeste, Shelby Myne, Chenin Blanc, Victoria Woods, Lee Stone, Dale D'Bone, Steven St. Croix and Travis.
Videocassette: Pleasure Productions.

Savage Security takes itself way too seriously. An elite company staffed entirely by mid-level porn stars provides protection for heads of state and celebrities. Bodyguard Lee Stone shadows bitchy pop diva Shelby Myne. When he discovers that Shelby's attitude is the result of being trapped in an unfair recording contract, Lee is overcome with pity for the comely gash and plunders her ass with his crooked sausage. Meanwhile, Gina Lynn is assigned to protect tycoon Steven St. Croix and his dopey daughter, Victoria Woods. After some hilarious action sequences featuring a gun-toting Gina, the bottle-blond fuckdoll slurps Steven's rod by the pool of his oceanside mansion. Although Gina's surgically enhanced figure looks great with a dick in it, there's simply too much filler between fucks. Guard your wallets and skip *Savage Security*.

The Heist

Directed by Jerome Tanner.
Starring Hannah Harper, Bella Donna, Summer Storm, Brittney Skye, Jody Moore, Drew Lynn, Lee Stone, Niko Night, Joel Lawrence, Chris Cannon, Dale D'Bone and Mr. Pete.
Videocassette: Legend Video.

Five cum-hungry sluts hold up a sperm bank in *The Heist*. The whorish hoods meet in a lineup, where Hannah Harper is fingered for her sexual assault of Lee Stone. Harper had accosted the hapless tool, slamming her cunt against his face and forcing Stone to give up his seed. Jizz junkie Harper and her cohorts use their time in the clink to fuck guards, partake in lesbo shower orgies and plot a daring daylight robbery of a semen depository. The plan goes without a hitch. Brittney Skye and Summer Storm relieve the guard and customers of their cum, while the others work on the vault. Nelson X delivers a clever script full of motion-picture homages, packing the humorous hard-core narrative into a nonlinear, bookended timeline. Missing out on a strokefest as smart as *The Heist* would be a crime. ***—N. V.***

All Fucked Up

Directed by Oliver Clozoff.
Starring Silvia Saint, Petra, Wendi Knight, Chandler, Tawni, Candy Hill, Lovette, Voodoo, Mark Davis, Brian Surewood, Dave Hardman and Rick Masters.
Videocassette: Metro Inc.

All Fucked Up is as straightforward as its title. Five random vignettes with competent camera work, eager nymphos and no-bullshit stories make this tape a compendium of stroke fodder suitable for any mood. There's a steamy, Euro-slit lez-out with blond, über-hot sexpot Silvia Saint and her pal Petra. For the patriotic, stateside trollops Chandler and Tawni have a noisy dykefest that makes one proud to be an American. Wendi Knight is aggressively boned by Voodoo, who for once doesn't have Nicole Sheridan clinging to his nut sac. Candy Hill is truly "all fucked up" by Dave Hardman and Rick Masters, who choke and mercilessly sandwich-fuck the rough-looking blonde. Titanic-titted Lovette is double-teamed by Mark Davis and Brian Surewood. Perverts will revel in becoming *All Fucked Up*.

The Heist: *That's a good place for a stickup.*

All Fucked Up: *"It tastes okay to me."*

Lost in No Man's Land

Classic Porn Babes *Rock the House*

Nina, *the center of attention.*

Amber Lynn is finger-banging Teri Weigel poolside on the set of *No Man's Land 37: The Legends* (Video Team). With every jab of Lynn's digit, Weigel's patented shrieks grow louder, echoing off the patio and shattering the calm of the tony Southern California neighborhood. The home's owner can't stand the carnal cacophony anymore. He rushes to the scene, screaming, "Cut! Cut!" Teri, still half full of Amber's fist, calmly tells the frantic man, "You can't cut. You're not the director." Jeanna Fine takes the frazzled lord of the manor aside, gives him a calming hug, then whispers mischievously into his ear. The chump's frown unravels, and everything is okay for the moment.

The noisy outdoor scene, however, is just a warm-up. Soon the estate's living room will be teeming with a swarm of classic porn stars. Crew members will throw down black plastic to protect the shag carpet in the sunken living room. Smut luminaries Nina Hartley, Jeannie Pepper, Porsche Lynn, Asia Carrera and Sharon Kane will join Jeanna, Teri and Amber for a historic, all-girl bang. (Relative neophytes Kim Chambers and Christi Lake will be thrown into the mix to add some new blood.) The house, which looks like it hasn't been redecorated since the *No Man's Land* series was launched 14 years ago, is about to become ground zero of a serious '80s-porn flashback.

Amber *and* **Jeanna** *attack.*

Director Bionca Seven has pulled many of these blue-screen legends out of retirement; Fine flew out from the East Coast to take part in this momentous reunion screw. "I remember Bionca when she had braces," Jeanna reminisces. "I remember you when you had real tits," Bionca quips in return. The final, nine-girl fuck unfolds like a typically raunchy *Buttslammers* scene; toys, lube and hands are crammed into slippery, experienced orifices. Within the tangle of flesh, Kim Chambers spurts a gushing orgasm. Not to be outdone, Porsche Lynn squirts for nearly a minute when she comes. Each girl goes the distance, proving that, despite their mileage, they still have the juice to go a lap or two. With the scene wrapped, the starlets bask for a moment in the sapphic afterglow. "It's a great honor to be considered a legend," Teri says, panting. "We worked hard for it."

Upskirt Diaries: *"I am so gonna write about this dude in my blog."*

Innocence: *"Hey, you're not a character in Anne of Green Gables."*

Where the Boys Aren't #14: *"My contract says that all pussy must be Febreezed before I go down."*

Upskirt Diaries

Directed by Tice Bune.
Starring Rain Rivers, Bisexual Britni, Kennedy, London, Jenna Haze, Austin, Candy Roxx, Kristy Sweet, Eric Everhard, Nick Manning, Tice Bune, Cheyne Collins and Weed.
Videocassette: Elegant Angel.

The sultry slits of *Upskirt Diaries* confess their desires to the camera, then graphically act out the fantasies. Unfortunately, low-budget production values detract from the parts of this flick that actually work. Slender hottie Jenna Haze has no trouble taking Eric Everhard's fat cock in her holes, and her squeals are as genuine as can be expected from a porn starlet, but the video appears to have been shot with a camcorder made in the 1980s. Jenna looks green, and the queasy feel of the scene isn't helped by weak camera work. Haze finishes with a gratifyingly sticky facial, but her nauseous hue is a turn-off. There are some worthy screws elsewhere, such as when Candy Roxx memorably sucks ass-cured cock, but ultimately *Upskirt Diaries* doesn't merit an entry in any pervert's memoir.

—C. T.

Innocence

Directed by Red Ezra.
Starring Carmen Luvana, Kate Frost, Monica Sweetheart, Nikita Denise, Nicole Sheridan, Jezebelle Bond, Dillion Day, Joel Lawrence, Voodoo and Julian.
Videocassette: New Sensations.

Carmen Luvana discovers the carnal potential of literature in *Innocence*. And no, Luvana doesn't do so by cramming books into her cooze. The busty blonde actually opens and reads each tome, finding herself transported into the filthiest recesses of her imagination; think *Reading Rainbow* with more sluts and less Kunta Kinte. The written word sends Carmen to a creepy castle, where Jezebelle Bond reclines on a gurney and becomes aroused by the electric twat-jolt of Luvana's dildo. Later, the lusty literate imagines herself as a diamond thief thwarted by the prick of night watchman Dillion Day. Day's tool probes the crook's nooks before smearing a creamy string of jizz across her nose and lips. Oddly, just about every tome, no matter what the setting, inspires Luvana to imagine herself in complex, sequined eye makeup. Nonetheless, when Carmen's lips move, *Innocence* piques interest.

—N. V.

Where the Boys Aren't #14

Directed by Chi Chi LaRue.
Starring Jenna Jameson, Taylor Hayes, Brianna Banks, Chelsea Sinclair, Dasha, Dayton, Kira Kener, Cheyenne and Raylene.
Videocassette: Vivid Video.

Where the Boys Aren't #14 plays a cruel trick on fans of all-girl tapes, even with the eyeball-popping roster of Vivid's finest contract slits. The half dozen male cage dancers and go-go boys who gyrate for the camera during the central orgy (featuring Raylene, Taylor Hayes, Jenna Jameson and Brianna Banks, among others) are to chubbers as kryptonite is to Superman. Just as Jenna buries her face in Taylor's twat, the viewer is assaulted by a close-up of a sexually ambivalent beefcake thrusting his see-through mesh jockstrap into the lens. The vid is supposed to take place in a dyke bar—what the hell? Straight viewers will have to dodge these dudes like Keanu Reeves sidesteps hollow-points. Sure, the wenches are all absurdly hot, and Dasha has terrific, squirty couplings with Dayton and Jenna, but *Where the Boys Aren't #14* is a blatant case of false advertising.

Dear Slut

"My wife and I have been practicing anal sex for almost 30 years now. Is there a way to restore tightness to my spouse's sphincters?"

(continued from page 30) *jizzy mouth turns my stomach. I'm fully aware of the double standard I'm guilty of, but I can't help how I feel. How can I keep from smooching my foulmouthed lover without suffering a blowjob embargo?* —W. L.

Weirton, West Virginia

If you don't want to taste your own cum, don't spurt in your girlfriend's yap. Otherwise, be sly and keep a glass of water or fruit juice by your bed. After blowing your load, take a sip, then offer her some. Do what you have to do to avoid tasting jizz. Just remember; never look a gift blowjob in the mouth.

Scream Queens

I don't mess around when I fuck. I quietly plug away, then maybe let out a grunt or two when my nuts explode. On the other hand, most chicks that I bone make all kinds of ruckus. They moan when I fiddle with their privates, then whimper and wail when I slam my cock against their insides. The last time I banged some slut, my neighbor called the cops, thinking I was killing someone. Why do bitches make so much damn noise when I fuck them? —A. C.

Chicago, Illinois

Sadly, many people's sex lives imitate what they've seen in porn flicks. The chicks in XXX videos scream; so many girls think that's the thing to do. The more comfortable a person feels in bed, the more natural their response. You're obviously at home with your prick buried in a cunt. Give your ears a rest by finding a girl who is equally comfortable on her back.

Broken-In Butt

My wife and I have been practicing anal sex for almost 30 years now. Needless to say, her ass is pretty worn out. Is there a way to restore tightness to my spouse's sphincters? —F. V.

Oxford, Ohio

Give your wife's poor ass a rest. The sphincters are muscles, and as long as they aren't permanently damaged, they can be made to snap back into place. Tell her to exercise those shit rings as she would her vaginal muscles; you should start to feel some tightness return.

Scoring With Sisters

I've always wanted to fuck a black chick, but they won't give me the time of day. I do pretty well with white girls, but sisters always turn tail as soon as they see me. I can't figure out if my approach is poor, or if I just look like a big, stupid honkie. What's the best way to bed black women? —E. B.

Lauderhill, Florida

You're not trying to fuck a race; you're trying to fuck an individual. Approach each woman with this in mind. Observe the babe and find out what she responds to. Making moves based on generalizations will cause you nothing but grief. If you're in a real rush to nail a sister, just call an escort service and ask for one.

Road Tryst

My girlfriend and I have a long road trip coming up. We've been discussing trying sex in a moving vehicle. What are the best techniques for screwing while driving? —B. I.

Medford, Massachusetts

There are none. Rent a limo and bone to your hearts' content. If you insist on risking your lives, pay up your life insurance and do it on a closed course. But for God's sake, keep your highway head off the public roadways, where you're likely to fuck things up for the rest of us.

Hot Letters

Touched by an Anus

My fiance and I never had trouble saving our virtue until a talk show ruined our lives.

Ever since then, I've become addicted to all things carnal. I love the feeling of my lover's unit inside me. I crave the taste of his seed, though I know that to waste baby batter is a sin. Every moment of every day my mind is occupied with the act of coitus. I imagine screwing while in line at the grocery store, driving in my car and, God help me, while on my knees at church.

Roger and I were both virgins, following the will of the Lord by remaining chaste and avoiding the sins of the flesh. Roger never showed much interest in sex. He spent most of his time studying the scriptures and chopping logs for the fireplace. I never considered copulation outside of the prospect of making a baby.

Our erotic conversion began while watching daytime television. A godly Southern preacher was on the talk show, advocating anal sex as an outlet for virgins. At first I thought the idea was absurd, but Roger, who I always defer to as the wise household provider, seemed very interested. "Why didn't I think of that?" he said, slapping himself on the forehead. "Let's give it a shot!"

My man jammed his root into my turd pipe again. This time, the pain was delicious.

Roger stood and loosened his belt. I know my place as a woman; so I dropped my underthings, lifted my skirt and bent over.

"That's a good girl," Roger said as he approached. He was now nude, completely as God had made him. His manhood stood erect like a fleshy horn.

"Remember, sweetness, like the preacher on TV said, this isn't a sin," Roger reassured me as he groped my bare butt. White-hot pain burnt my insides when his prod breached my rectum. My eyes watered. I bit my lip so as not to scream.

"It feels so much better than I had imagined," Roger said. After one agonizing stroke he withdrew, staring incredulously at his ass-anointed wand. The bloom of fiery pain in my poop-hole dulled to a mere ache. I felt my sphincters contract, then open again. The discomfort I'd felt in my nethers transformed to hunger. I couldn't wait for Roger's sword to stab me again.

For a moment, I noticed a change in Roger's face, as though he were having second thoughts. I could tell that his mind was spinning, just like that time he decided not to buy that used station wagon with his tax refund. I truly coveted that station wagon.

"C'mon, honey pie," I chirped in my most syrupy voice, "put it back in."

Roger didn't need to be asked twice. My man jammed his root into my turd pipe again. This time, the pain was blissful and delicious. I reached back, clamped my hands around my lover's

"Pop my cherry right now, Goddammit," I screamed to Roger. Without a thought, he jammed his shit-flecked dick into my virgin fuckhole.

buttocks and pulled him closer to me.

"Dear lord," Roger swore, or maybe he was praying. His meat swelled and twitched inside me. He pulled back and humped with a steady rhythm. Each push and pull of his rod was like a rebirth. The sensations that issued from my rear awoke strange urges in me.

My skin tingled, feeling as never before. I couldn't resist the urge to caress the blushing flesh around my neck; so I pulled my dress off over my head. Roger barely skipped a beat. Searing droplets of my sodomite sweetheart's sweat spattered my back, causing my nipples to become hard, pulsing knobs of flesh, like heat sinks radiating sexual energy. Roger reached around me and gripped my milk spouts. Each squeeze of his rough fingers inspired additional jolts of pleasure.

Something dark and unholy awoke inside me. Every delicious thrust of Roger's prick was like a knock at the door of an ancient, forbidden place. Something beyond my control was answering that call.

It was then that my evil, evil cunt came alive. Moistness spread like liquid heaven through my crotch. My clit sprung to life, registering every jolt and vibration. My whole life, my personality, my beliefs, even my love for my husband-to-be became irrelevant; all that mattered was the desire in my pussy. It was a craving to be filled, consequences be damned.

"Pop my cherry right now, Goddammit," I screamed to my lover. Without a thought, Roger jammed his shit-flecked dick into my virgin fuckhole. The tearing of my maidenhead reverberated through my bones. I bit my lip hard, drawing blood—an echo of the hot trickle I felt leaking from my torn purity and down my inner thigh.

"This one feels different," Roger gasped, "better." With a sigh that expelled a lifetime of tension, my promise breaker accelerated his pumping. Every nudge of his pelvis against my privates brought me closer to something beautifully vile.

"Damn you, God, for denying me this," I seethed through the tears that welled from my eyes.

"Are you okay?" Roger asked.

"Yes," I said, pulling him closer, taking his cock in deeper. "Just don't stop."

"Okay," he said, continuing to pound in earnest. I heard the slop of our love in wet smacks from between my quivering legs. His strokes built to a fury, as did the spiral of pleasure that emanated from my crotch. With a final jab, Roger's essence exploded inside me. I too felt a paralyzing wave of pleasure overtake my body.

We were married soon after and swore never to tell our unborn child the nature of his unholy conception. God forgive us.

Cock God

At one time I was what you'd call a semi-celebrity. It was the '80s, and I had the good fortune of playing rhythm guitar in a "hair metal" band. If you tuned in to MTV during one of the 34 times my band's video aired, you would have seen me surrounded by a mob of gyrating, leather-clad groupies.

You know the type; these hard-rock angels were all hair, Spandex and sluttiness. Their tits swelled from the tops of their bustiers. Their tight asses rippled under their skintight pants, and sometimes the silky crotch fabric under their chaps would carve their mounds into scrumptious camel-toes.

They always overdid their makeup, just like Traci Lords used to. The perfect purple streaks of eyeliner, powdered cheeks and luscious red lipstick that they painted on their pretty little faces just begged to be smeared with steaming globs of nut spray.

I could smell these cock-starved fans coming from backstage. Their scent was always a heady bouquet of Aquanet, bubblegum, whiskey and she-jizz. I'd be sporting a serious Guthrie before their first tentative knock on my dressing-room door.

Needless to say, everything you've heard about the debauchery of the metal lifestyle is true. Girls would line up around the block for the privilege of sucking my cock. At any given time I'd have a moist cunt at my disposal. I'd keep one or two on the tour bus, so that when I woke up with morning wood I'd have someplace to stick my stiffy.

Sometimes I'd keep a babe just off stage. The tramp would finger-bang herself during our set, keeping time with the band as her manicured nails slipped in and out of her waxed twat. I trained them to keep their cunts lubed and ready so I'd have something to do during long drum *(continued on page 168)*

The Art and Artifice of Raiding a Relationship

by Billy Hulkower

Illustration by Sas Christian

Tyler stares at his bowl of clam chowder, calculating the bill. His eyes drift up from the soup and land on Sharon's dazzling décolletage. With some effort, he raises his gaze further but becomes caught on her lips. Last Saturday, Tyler almost planted a kiss on those lush suckers. Almost.

Tyler adores everything about Sharon and has been dying to bang her since his roommate, Steve, brought her home six months ago. Seducing his best friend's girlfriend is a task Tyler does not take lightly. No drunken pass or simple back massage will do. Luckily for Tyler, Steve's hoity-toity consulting firm shipped him off to Japan for three months. Sworn to keep faithful, Sharon spends Saturday nights with Tyler, avoiding bars where "obnoxious men" hit on her after she explains that her boyfriend is 8,000 miles away.

Tyler snaps to when he notices tears rolling over her ruby-red lips. "Steve hasn't called in a week!" Sharon weeps. Tyler feigns support for the relationship: "Yeah, but he's in Japan; imagine how much it costs." The blow is well-placed. Her sadness turns swiftly to anger. "I don't have to imagine," she yelps. "I get the phone bills too!"

Sharon looks up and asks, "You think he's dating someone else?" Bingo, Tyler thinks. The moment I've been waiting for. The sly horndog stares into the distance, pretending to mull over his prey's question. Tyler replies: "You know you're the only girl Steve's ever dated who's not Asian, don't you?"

Stunned, Sharon shakes her head. "Christ, my appetite is shot," she says, disgusted. Game, set, match, Tyler silently tallies. "Why don't we get the hell out of here and grab a couple beers?" he asks. Sharon nods. Two hours and eight drinks later, Tyler's six months of spanking the monkey while listening to Sharon fuck Steve in the next room end in a 36-hour fuckfest.

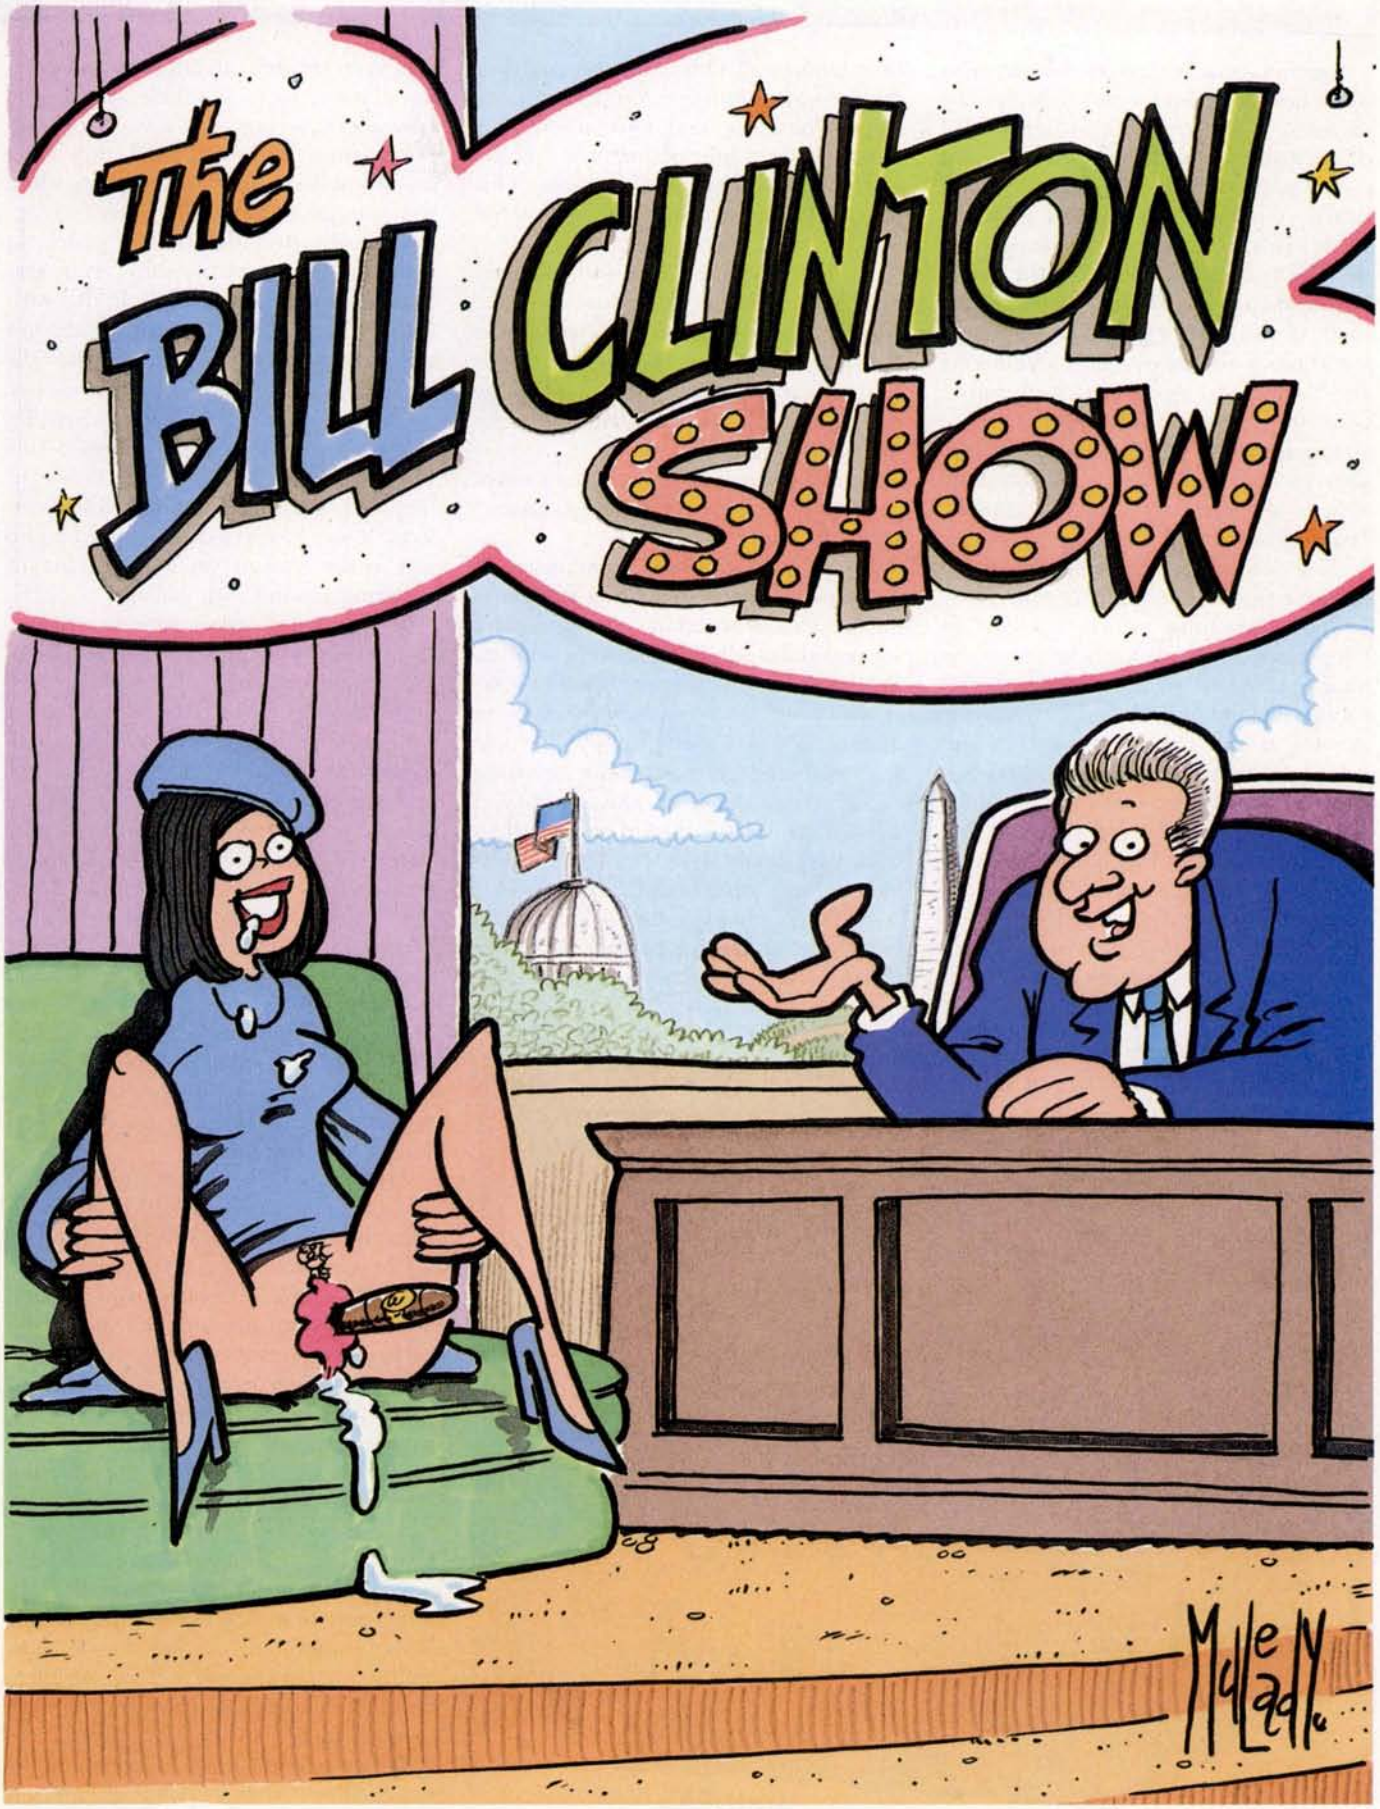
A recent study by professors David P. Schmitt of Bradley University and David M. Buss of the University of Texas titled *Human Mate Poaching: Tactics and Temptations for Infiltrating Existing Mateships* details how vast the sexual-interloping phenomenon is. Half of those surveyed in Schmitt and Buss's research admitted to making the moves on someone else's prize, while more than 70% had attempts made by others on their honeys. The paper differentiates between "short-term poachers," who are interested in sneaking into a relationship for a single fuck or a brief fling, and "long-term poachers," who seek to garner a lasting partnership.

In their sample of undergraduate students, Schmitt and Buss found that more than 40% of males and 30% of females admitted to having been "successfully attracted away from a partner at some point in their lives." According to the report, these efforts are not in vain; at least 20% of all relationships stem from a successful mate theft.

Even so, because mate poachers almost always choose their prey from among their acquaintances' partners, the practice often destroys friendships and can even end in violence. Joy and Polly were not only best friends, but sisters. When Joy lost her job, Polly invited her sibling to stay with her and her boyfriend, Ed. While Polly was working nights at a 24-hour diner, Joy was balling Polly's beau. "One night, I got off work early, and I walked in on Joy sitting on Ed's face—in my fucking bed," recalls Polly. "I smashed my metal alarm clock on her head and kicked them both out of the house. My sister and I haven't spoken since. Mom tells me that, even though Joy needed 15 stitches from the clock, she wants to be my friend again, but I'll never forgive that disgusting slut."

"When it comes to love, sex and jealousy, people can get depressed and desperate," says Dr. Uri Peles, a psychiatrist and director of the Beverly Hills Center for Sexual Medicine. "My suggestion for diminishing the trauma is to make [the new relationship] a little more discreet."



"Welcome to the show. Today we're talking to ignorant, overweight, sloppy cocksuckers who like to shove cigars up their twats!"

"History will repeat itself. If you steal a girl from someone, she's going to leave you for someone else. You cannot trust that person."

Veteran poacher Jacob Goldman, a stout, bearded travel writer living in Los Angeles, has run into fistfights and death threats from former friends infuriated by his dalliances with their sweethearts. Goldman takes these risks in stride. In the long run, Goldman sees the real risk in the fidelity of the newly acquired prize. "History will repeat itself. If you steal a girl from someone, she's going to leave you for someone else," Goldman declares. "You cannot trust that person." On one occasion, Goldman found his girl naked in bed with another guy. Caught in flagrante delicto, the girl still wouldn't confess. "We're just friends," the vamp claimed, pulling a bloody tampon out of her cunt to prove they weren't having sex.

Some poaching efforts do end in happy, enduring relationships. After the blow-out fight that ensued when Ty's roommate found him in bed with Sharon, the new couple moved in together and subsequently married. They lost friends who saw their actions as morally abhorrent, but the relationship survived and the couple recently had their first child.

Julie Miriani, a petite investment banker from Boston, provides another tale of long-term love stemming from a poach. Julie made her move on her current boyfriend, Otis, after he told her that he was dissatisfied with his relationship. When she and Otis attended a party together, Julie maintained that she was too drunk to drive home. Otis offered his couch, but Julie clambered into his bed.

Aside from Julie's faux-lush routine, Professors Schmitt and Buss describe another common poaching technique: denigrating the competition. "This could be accomplished, for example, by questioning the commitment of the regular mate, implying that the regular mate is cheating on him or her, or derogating the regular mate's appearance," states the study.

While these practices seem sleazy to many people, perspectives on the moral implications of snatching someone else's squeeze differ wildly. Short-term poacher Robert Murray, a smarmy, lanky filmmaker who resides in New York City, sees his mating habit as a public service. "People say you should feel guilty about [breaking up a relationship]; on the contrary, I assisted the relationship in ending when it clearly should have been over. How long did they need to drag that shit out?"

Some people place the blame squarely on the unfaithful partner. "They're the ones who are really doing wrong," says Sven Hansen, an attorney and occasional mate thief. "It's the easy way out. Instead of saying, 'Let's work on our relationship' or calling it off, they keep an option on the old relationship, while trying to get another one going."

One obvious side effect of poaching is that a broken relationship can be disastrous for the lover left behind. Unfortunately, many poachers are too busy scheming to worry about the fallout. Elfish vixen Astrid Voll first set her green eyes on stolen property when she was only 17. "Doug had married this Belgian woman he was dating, Veerle, to help her get a green card," Voll recollects. "I was 17 and a cute blonde, and he was really turned on by the idea of sneaking around with jailbait."

Doug moved into a new apartment, "forgetting" to mention to Veerle that he was cohabiting with Voll. "I was turned on by the fact that he was so consumed with passion that he'd broken up a stable relationship for me," says Voll.

After Doug's wife caught wind of the situation, she paid the couple a visit. "Veerle started tearing the house apart, looking for my stuff," recalls Voll. "Then she actually found me hiding in the bathroom. It was horrible. She pulled my hair and knocked me into the bathtub and tried to strangle me. Doug didn't even try to separate us. I had to run out of the apartment. She dumped everything that was mine into the toilet. I felt really terrible, but I also felt like I had won, and she had lost."

Voll's victory was short-lived; several months later, Doug ran off to Morocco with another woman. Still, she expresses no regrets about the experience. "It's immature, and it seems really sordid, but the sneaking around itself adds to the excitement," says Astrid.

Dr. Peles sees deeper psychological and sociological factors at work on serial home wreckers, as well as the men and women who are susceptible to their love-pilfering efforts. "If you go back into the history of these people," states Dr. Peles, "you will see that they have unfinished business with their parents—that little Mary was competing with her mother for her father's attention, or that the boy was competitive with the father for the affection of the mother. There wasn't enough love around."

Poach victim Polly has a simpler explanation: "People who go around ruining other people's relationships are scum."

"It's my husband. He says the two of you are out playing golf together."

The Process of Elimination

I've dabbled in just about every area of crime, but my specialty, the thing I do best, is kill people. I am to mob rubouts what Leonard Bernstein is to music. I am one of the most feared killers in the United States today. I'm proud of that reputation; I've worked long hours and in dangerous places to earn it.

I don't make that claim braggingly, but truthfully. I have sent 38 deserving men to their early graves. I can remember each man that I hit. I can give you the order. The details. Even the weather on the day I made the hit. Number 18, for example, was a gambler who was discovered informing on the mob. He had been arrested quietly and made a deal in order to keep himself out of a jackpot. Certain things began to kick back, and some people checked and found out my man was the source; so he had to go. I caught him in a small bar, and I just walked in and blasted him with a .38. It was dark, and I was wearing a dark shirt and dark pants, and when I started shooting, everybody scrambled for cover. I remember him. I remember them all. You never really forget.

I killed my first man when I was 16 years old. The hit was offered to me by a mob guy who protected the numbers organization I worked for. The thought of killing a man had never occurred to me. I had been a violent person, and I had laid guys out, but actually killing a man just hadn't entered my mind. I was sitting on a stoop one day, and he walked over and sat down next to me. Very casually, without even looking at me, he asked if I was interested in making a hit.

I stared at him and said, "You got to be kidding." He said he was serious. I said, "You must have 50 guys that can do the same job."

I had to plan the job myself, and I wasn't too damned thorough. When I saw him on the street, I just walked up behind him and blew his head off.

He nodded. "We understand that. Just let me know tonight."

At some point, you become a man or you fade. For me, this was the point. I had to make the decision whether I wanted to be dirt or accomplish something. I was very young, but I decided I wasn't going to be a piece of shit. I wasn't going to let people walk all over me. I was going to be a man.

So when he came back that night, I told him okay. I had no idea what the guy I was going to kill had done. I was handed a gun, and this guy was pointed out to me. He could have been anybody; once I made the decision, I knew I would stick to it. I had to plan the job myself, and I wasn't too damned thorough. I waited for him one night. When I saw him on the street, I just walked up behind him and blew the top of his head off. He was dead before he hit the sidewalk. Then I turned and walked away. I didn't run; I walked.

I had to get rid of the gun, but I didn't know exactly how. The first thing I did was go back to my apartment and get a little saw, and I sawed the gun barrel into four quarters. Then I took the gun and the shells and got on the subway. I rode it all the way down into lower Manhattan, the Wall Street area, and I started throwing the shells down the sewers. I wasn't taking any chances, one shell to one sewer. When I finished doing that, I went over to the river and heaved the pieces of the gun as far as I could. Then I went home and went to bed.

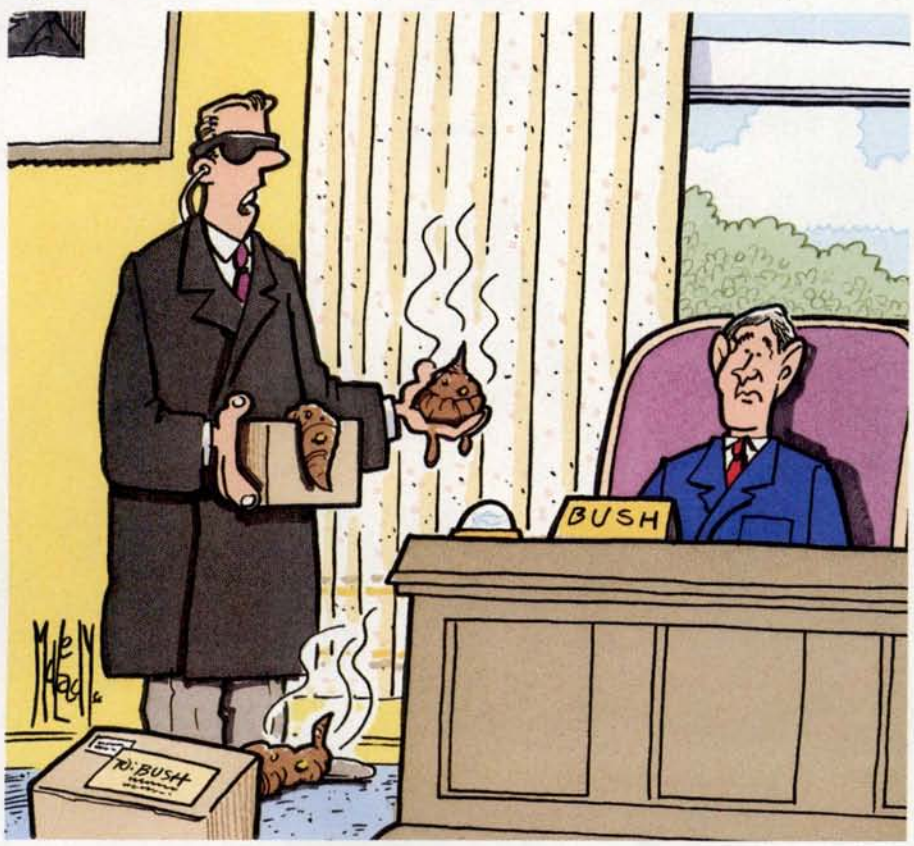
I never really got to sleep. I just tossed and turned for a few hours, going over the whole thing in my mind about a hundred times, making sure I didn't make any mistakes. I held my breath for about two days until I was positive there were no witnesses. Nothing happened.

Then the realization came to me that I was a made individual. I was a force to be reckoned with. A lot of people who had looked at me as being a snot-nosed, wise-ass kid would now be speaking to me in different tones. The job paid $5,000. Five thousand dollars! It seemed like a billion. My older brother was working ten hours a day in a warehouse and bringing home $24 a week. Five thousand dollars, that's how it started.

Planning a hit is not difficult. There are only a few simple rules you have to be aware of: You do not kill a man in his own home; you do not kill a man in front of his own family; you do not harm his family; you do not hit him in a church or near a church or any other place of worship; you do not torture a man (we're not his judges, just his executioners); and you do not rob him. Other than that, he's all yours.

Up until the time I intend to make the actual hit, my day will be very normal. I'll give you an example.

A mob guy dealing narcotics had



"It is yet another gift from one of those 50,158,000 fuckers who didn't vote for you!"

started using them himself. He had turned himself into an addict, and the man he worked for wanted him eliminated. I agreed to do the job.

His boss gave me a pretty good idea of what his schedule was like, and I followed him for a few days just to verify my information and pick the spot. He did different things each night but always ended up at this girl's apartment. She lived in a brownstone way over in the West Forties, which is a good area to make a hit because it's dark and, in the winter, when this all took place, there are few people on the street late at night. He also parked his car in front of the same fire hydrant every night.

I got up about 11:30 the morning the job was going to be done. I made myself some coffee, and my wife and I sat down to watch the television program *Jeopardy*, which is one of my favorite shows. After *Jeopardy* ended, I went to a pool hall and spent most of the afternoon shooting with a buddy of mine.

From there I went to a small Italian restaurant in the East Village named Sonny's and had dinner with some friends. I left there about 9:30 and just drove around the city till about midnight. I went over the plan in my mind a few times, but I didn't really concentrate on it. Sometimes, when I've got a job to do, I'll spend the night at home watching television or even go to a movie, but this night I just felt like driving. I did stop in a few different places to say hello to some friends, but I didn't stay anywhere very long.

Finally I drove up to this block and parked about three car lengths behind the fire hydrant. I looked for his car and it wasn't there; so I knew he hadn't shown up early. I have had people do that on me, which earns them an extra night of living. The only things I brought with me were a transistor radio, a thermos of coffee and a blanket. I use the transistor because I don't want to run down the battery of the car. I rarely mind the cold because it keeps you awake and alert, but the blanket is there in case it really freezes up.

This guy showed up right on time. Two bullets. I knew he was dead. I walked back to my car and was asleep within a half hour.

This guy showed up right on time. I saw him coming in my rearview mirror, and I kind of laid down across the front seat so he wouldn't see me. While he was parking, I slid out of my car and hid so he wouldn't see me and take off. When he turned his engine off, I began the casual walk toward his car. I hit him in the head as he started to get out. Two bullets. I knew he was dead.

I walked back to my car and drove home. I was asleep within a half hour.

Most professional hits are similar to that one. The only time it's really different is when a boss is involved. There are two ways to kill a boss. The easy way is to get to his bodyguard or the top man in his organization and make a deal with him.

Now the tougher way. If the bodyguard does not agree to the hit he has to go too. I was working for Meyer Lansky at one point, and some representatives of Vito Genovese invited me to a meeting. They had decided that Meyer was to be hit. An offer was made, and I said no thank you. Maybe some people don't, but I believe in being loyal to an individual who helps you earn. But, by saying no, I made myself a target.

The only reason I wasn't killed right on the spot, after I turned them down, was because I had a gun in my hand. Whenever I go to meet somebody on business, I always wear a pair of pants in which the pocket has been cut out and I can reach through to a gun I have strapped to the inside of my leg. In this particular instance we were sitting in a restaurant, me with my back to the wall. After I said no, the guy said, "I'm sorry to hear that."

I pulled my cannon out and laid it on the table. "Now why is that?" I asked. He said, "We'll be seeing you," and got up and left. I made one mistake after that—I didn't tell Meyer. It almost cost me my life, but I thought I could handle it.

I couldn't. I was coming out of a bank in Miami Beach, and three guys opened up on me. It's a very strange thing to be hit by a bullet. For a second, there is a tremendous burning sensation, then shock takes over. Then you go into what I would call limbo—everything moves in sort of slow motion. You can feel the impact, but not the pain, when you're hit again, but you're not exactly sure what you're doing. That's when your reflexes take complete control. The next thing I remember, I had a gun in my hand, and I was using it. I remember hitting one guy and seeing his *(continued on page 113)*

Jesse Jackson was talking to Bill Clinton in the locker room of a Harlem health club. As Jackson changed his clothes, Clinton couldn't help noticing the tremendous size of the civil-rights leader's member.

"Wow!" Clinton exclaimed in amazement. "How'd you get that thing so big?"

"I just whack it on the bedpost three times every night before going to sleep. It grows a little every time," Jesse explained.

Late that night, as the former President prepared for bed, he couldn't resist trying Jackson's trick and started whacking his dick against the bedpost.

"Jesse, is that you?" Hillary mumbled from under the sheets.

A kindergarten class had an assignment to find out about something exciting and make a presentation on it. The first little boy called upon walked up to the front of the class and, with a piece of chalk, made a small white dot on the blackboard, then sat back down. Puzzled, the teacher asked him just what it was.

"It's a period," the little boy replied.

"Well, I can see that," she said, "but what is so exciting about a period?"

"Damned if I know," the little boy shrugged. "But when my sister said she was missing one, Dad had a heart attack, Mom fainted, and the man next door shot himself."

Driving out of Montreal, a man decided to stop at a rest area on the side of the road for a bathroom break. He went into the washroom. The first stall was taken; so he went in the second one. Just as the traveler sat down, he heard a voice from the other stall say, "Hi there. How's it going?"

"*Uh*—not bad," the man cautiously replied.

"So, what are you doing?" the voice continued.

"Well," the man stammered, "I'm heading back east."

Then the voice suddenly said, "Look, I'll have to call you back. Every time I ask you a question, some idiot in the next stall answers me."

Sitting at the bar one night, John told his friend Ed that he was going to give up drinking.

"What are you gonna do that for?" Ed demanded.

"Well," John explained, "the other night after a bender, I woke up in a strange bed, in a strange apartment, with a woman I had never seen before—and I felt this tremendous lump in my throat."

"So?" Ed scoffed. "Everybody feels guilty sometimes."

"It wasn't guilt," John sighed. "There was a string attached to it."

Question: What does it mean when you find a candy necklace and a barrette on the floor of a confessional?

Answer: The priest is straight.

Three old men were sitting around complaining about how much their hands shook. The first geezer said, "My arms are so wobbly that when I trimmed the garden yesterday, I cut down all my flowers."

"So?" the second chimed in. "My hands shake so bad that when I shaved this morning, I shredded my face."

The third old man laughed. "That's nothing; my hands tremble so much that when I took a piss this morning, I came on the bathroom wall three times."

Feeling ill, a man went to the doctor for a checkup. After a battery of tests, the doctor walked into the examination room and said, "Well, I have bad news for you and worse news for you. Which would you like first?"

Bravely, the patient said, "I want the worse news first."

"You have inoperable cancer," the M.D. replied.

Taking a deep breath, the stricken man asked, "Now what's the bad news?"

"You have Alzheimer's," the doctor informed him.

"Phew," the guy smiled. "I thought you were going to tell me I had cancer."

Bagram, Afghanistan, May 2002

The United States military air base at Bagram is on full tactical alert. Soldiers normally attired in desert fatigues and floppy boonie caps wear flak jackets, helmets and battle packs stuffed with ammo clips and 40mm, rocket-propelled grenades. As if on cue, a claxon wails, then stutters, sputters and stops. Outside a vast Russian-built hangar, troops climb dirt berms and take aim into the fields that ring the complex. In sandbag bunkers on the roof, heavy-gunners train their weapons on the kill zone below. The doors of the hangar are scribbled with Arabic characters, like the tablets of a giant book.

A soldier with iridescent bars on the back of his helmet directs civilians down a corridor strewn with shattered Soviet equipment. In a mortar-proof shelter, U.S. Army Captain Tony Rivers reclines on a wooden bench in near darkness. The sounds of battle are inaudible—no whine of incoming rockets, no chattering of machine guns. After 20 minutes, Bill, a former helicopter pilot, starts poking around the wreckage.

"I think the Soviets used this room to test their jet engines," Bill suggests. "This looks like a control panel; that tank was for liquid nitrogen. It probably fed into that room over there." Bill points at a slit-like window, then flicks a switch on a console that spills its guts of red and black wires onto the floor.

"Yeah, the Russians probably didn't booby-trap anything when they left," Captain Rivers says.

Bill jerks his hand away from the suddenly sizzling-hot panel.

"Why don't we play a game?" Rivers suggests. "I'll start a sentence, and we'll go around the room and tell a story."

Silence.

"I'll start," Rivers says. "I was sitting around ›

A soldier dressed in "full battle rattle" and armed with an M-16 bursts into the room.

"They pushed back the first wave, and they're waiting for the second wave," he says. "We'll let you know when it's over." The Taliban and al Qaeda assault is particularly ineffective today, because Bagram is not under siege; this is just a drill.

Before Rivers can respond, a voice calls from the darkness: "Futility."

Bagram air base was built with Soviet assistance in the 1950s near the site of a village that was founded by Alexander the Great in 329 B.C. In the 13th century, the settlement was obliterated by the hordes of Genghis Khan. Since then, Bagram has been won, lost, sacked and destroyed countless times. The British established a presence here during the First, Second and Third Afghan wars. The USSR seized the airfield in December 1979 in its bid to prop up the Marxist government of Babrak Karmal with the might of the Soviet 40th Army. Ten years of appalling battlefield losses at the hands of the Afghan *mujahideen* compelled the Russians to pull out. The Soviet legacy at Bagram includes a 10,000-foot runway, two gargantuan hangars, a clogged sewer system, mountains of unexploded ordnance, and dozens of buildings that bear shrapnel wounds and the star-burst signatures of rocket-propelled grenades. The shot-up husks of military aircraft—MiG-21 fighters, Sukhoi-22 bombers, Antonov transports, Mi6 helicopters—decay in the sun.

Today, Bagram is not only America's strongest strategic asset in central Asia, it's also one of the few places in a fervently Muslim region where you can buy Hormel Ham Salad in a can.

"We've got barbeque pork ribs, Cantonese pork ribs, pork chops, breaded pork, fried pork, pork loin, ham slices, sausage gravy and, of course, pork sausage, sausage patty and bacon for breakfast," says Pfc. Christopher Barry, a food-service specialist with the 10th Mountain Division. "I can't think of any day that we don't serve pork."

Even as attack helicopters and precision-guided munitions are shipped to Bagram, the American way of life is taking root at the lonely military outpost. *People* magazine is for sale in the PX, Internet terminals have sprung up like mushrooms, and Leno and Letterman are piped in each night on the Armed Forces Network. When dignitaries visit the base, "Born in the USA" is played over the P.A., part of a mix tape that includes "Dirty Deeds Done Dirt Cheap."

camp in Viper City, a colony of tents laid out in a grid inside a neat rectangle of concertina wire adjacent to the flight line. At night, the aviators, infantrymen, medics, engineers and support staffers of the small city shoot the breeze, play cards, watch DVDs and dream American dreams.

Engineers are busy rebuilding the base. Teams of Afghans from local villages pour concrete and patch bullet holes. An Army backhoe is digging a trench for telephone cables and running water, practically nonexistent in all of Afghanistan. The excavation could uncover some of the Buddhist, Greco-Roman and Phoenician artifacts that lie beneath the dusty soil, but is far more likely to run across relics of more recent invaders.

"This is one of the most heavily mined areas in the world," says Major Erik Stor, a combat engineer with the 10th Mountain Division. "This makes Bosnia look like Disneyland."

Russian minefields are demarcated by twin rows of barbed wire, but antipersonnel devices from more recent rounds of fighting were indiscriminately laid. The minefields theoretically bolster the American perimeter, but sappers work every day to clear them.

"The enemy is in the ground," says Warrant Officer QMI Pierson, a deminer with the British Royal Engineers (a U.K. task force has teamed up with the Americans at Bagram in the hunt for Islamic militants). "They don't go laying mines out on the mountain ranges; they lay them in places where they're going to get you. If they don't want you to be here, they will do anything it takes to get you out of their backyard."

The hours, days, weeks and months of war have been oozing by for the 3rd Battalion of the 187th Regiment of the 101st Airborne Division. The 187th, dubbed the *Rakkasans* ("falling down umbrellas") by Japanese soldiers who saw them dropping out of the World War II skies, is one of the most deployed infantry units in the U.S. military. However, as Sgt. Allan Toney, from Orange County, California, has learned, deployment doesn't necessarily mean action.

"We're always ready to rock 'n' roll, but we were in the country for 48 days before we got a mission," Toney says.

The infantrymen of 3rd Battalion are on QRF (Quick Reaction Force) status, meaning they must be ready to go into combat on a moment's notice. Their backpacks are laden with food and water, and their guns are cleaned and loaded, but they have no immediate plans to leave their tents.

"You can go to the latrine, you can go to the chow hall, you can lift weights, but basically, you have to stay in the general area," Toney says. "We even sleep in our boots."

The lives of the men on QRF swing on a pendulum between tedium and terror. When a special forces team on a surveillance mission near the Pakistani border came under fire in late April, 200 Rakkasans scrambled onto massive, two-prop Chinook helicopters to secure a mountain village.

"It's exciting—kicking in doors," Toney says. "We're glad to get a mission, because if not, they'll come up with something stupid for us to do, like fill sandbags."

The QRF recovered a few weapons, but did not make contact with the enemy. Even so, the interaction with ›

"They're the real army. You know the gangsters back home? That's them. They got scopes, lasers, all kind of shit on their guns. Those guys are trained to kill. For real."

153 Golf: Pilot
"They think they're top of the world, just because they're pilots. They say if it wasn't for them, we couldn't go nowhere, which is bullshit, 'cause infantry walk."

12 Bravo: Engineers
"They're not used to humping around like the fucking 11 Bravo."

97 Bravo: Military Intelligence

92 Golf: Food Service Specialist

95 Bravo: Military Police
"They say they work a lot. I've heard them say they do a lot of work."

91 Whisky: Medic

"Basically, when you don't succeed as a supply guy or a cook, they make you a laundry guy. I think it's the shittiest job in the whole Army."

Rangers
"They're extremely fucking hardcore. They don't shower for weeks, don't eat. If you've got a Ranger tab on your jacket, you get respect."

We Came, We Saw, We Pulled Guard

Afghan villagers jangled nerves.

"The weirdest thing was not knowing the language," says Spc. Thomas Mikkelson, from Lakehurst, New Jersey. "This old man was talking and pointing at the mountains and counting on his fingers, and I had no idea what he was saying. You want to know if they're saying, 'Don't go in there; there's a bomb.'"

"The Taliban look just like anyone you might see on the street," says Sgt. William Kerns, a Rakkasan from Missouri. "In fact, it's kind of weird up here at Bagram, where you got all these guys walking around with AKs."

Northern Alliance soldiers under the direction of a trio of local warlords provide perimeter security at Bagram. An instinctual mistrust of Afghans—particularly armed Afghans—is endemic among the infantrymen at Bagram. This is especially true of 3rd Battalion, which rotated to Bagram from Kandahar, where locals are escorted when on base.

"There's nothing to stop someone from busting into a tent strapped with C-4 and...*boom!*" says Sgt. Peter Hoskey, from Haines City, Florida.

"No one can say with a straight face that there are no Taliban in here," says Spc. Mikkelson. "I don't trust anyone. You've got to keep a wary eye out here. Watch the shadows. Even watch the kids. You could wind up with a 7.62 [AK-47] round in your back."

"I Should Have Taken the Phone Job."

* * *

Early on in basic training, Army recruits take an aptitude test that determines their military future. Those with good scores are eligible to embark on high-prestige careers such as military intelligence, special forces and aviation. Soldiers who perform poorly are relegated to laundry duty, truck driver, or infantry, also known as 11 Bravo, less delicately referred to as cannon fodder.

"Anyone who's 11 Bravo is a grunt," says Spc. Kristoffer Villareal, a grunt from Weslaco, Texas. "Everyone else is a pog—Personnel Other than Grunt. Pogs take showers every day; they don't cuss, just sit behind a desk. They're part of the mythical Army—they're here, they're getting paid, but they don't go to war."

The Army's balkanized system of specialties, focuses, concentrations and corps amounts to a caste system that pits soldiers against each other in petty intraservice rivalries.

"We've got it pretty good," says Sgt. Thomas E. Guin, a crew chief on a CH-47 Chinook. "A lot of guys are jealous of us [in aviation]. The infantry guys, they hate us."

Guin says he spends most of his downtime with other flight crews. Villareal spends most of his time with grunts. Guin and Villareal are not unique in their social habits; blacks and whites, pogs and grunts tend to gravitate toward like groupings. Aviation, infantry, medics, engineers, MPs; even dog handlers watch DVDs in their zinc-roofed hutch with other handlers.

"Watch the shadows. Even watch the kids. You could wind up with an AK-47 round in your back."

At Bagram, the Army has established an open forum for the free exchange of ideas. The central exchange of public sentiment and private fears, the place where soldiers say what's really on their minds, is the plastic Port-a-potties that are lined up in orderly rows all over the base.

Army shitters are inscribed with the same shopworn, toilet-bowl laments that are scrawled on gas station bathroom walls from coast to coast. But war-zone discourse predominates, including musings about revenge, fear, boredom and blood lust.

NO-FLY ZONE

Bagram's **Exterminator**

*When **Major Scott Stockwell** conducts search-and-destroy operations at Bagram, his weapon of choice is bug spray. Critters and varmints can cause downtime and even death, and it is up to Stockwell, of the 25th Medical Corps, to hunt them down and kill them.*

***"My job is to close with and destroy the enemy—with extreme prejudice,"** Stockwell says.*

Mosquitoes transmit malaria, sand flies can cause visceral leishmaniasis, a potentially deadly disease, and rodents are a reservoir for hantavirus. The flies that buzz around the base in abundance are also a concern.

"One of the first things you learn out here is, don't eat the poop,"** Stockwell says. **"You've got flies buzzing around the latrines, and then they fly into the big gravy vat in the dining facility, and we know what's next: staph infection, E. coli, typhus."

Even as he exterminates, Stockwell seeks to understand his prey. His research in the U.S. has uncovered several new species of scorpions, and he's hoping to collect unique specimens in Afghanistan. Still, his primary job is to take out bugs, and he estimates that he's killed "zillions of 'em." Although Stockwell has been deployed at Bagram for less than a month, he's already stopped keeping a body count.

"I kind of think of myself as doing bad to do good,"** Stockwell muses. **"And yeah, my karma's kind of screwed up for the rest of my life. But when I see little dead bugs everywhere, I feel like I'm doing the world some good."

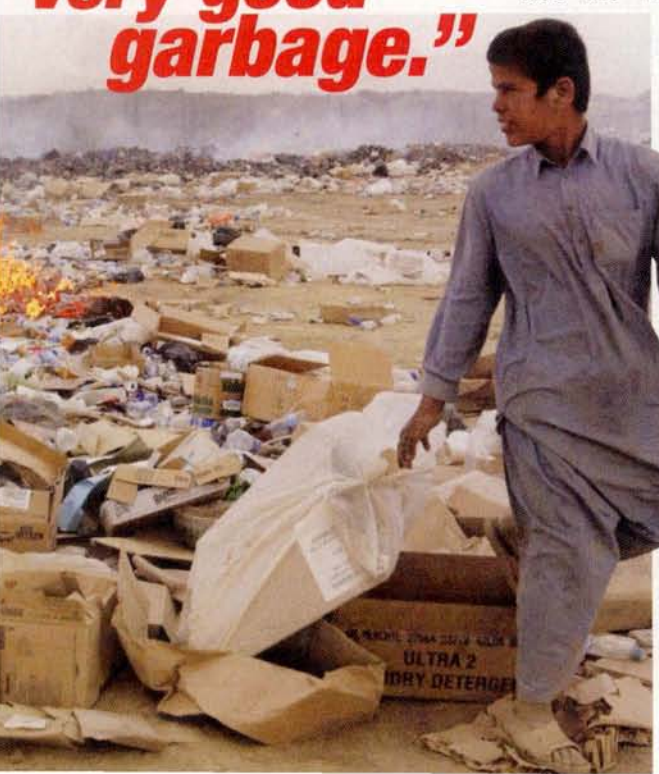
picking through the garbage at the American dump at Bagram.

"America good!" Amal says with a vigorous thumbs-up. His English expended, he reverts to Dari. "America is rich. The garbage is very, very good garbage. Look." Amal gestures into a plastic bag filled with metal envelopes of food rations, a pair of plastic shoes and a fluorescent soccer ball. "We can sell this."

Amal must work fast. The mountain of trash he is sifting through is on fire; he and a dozen other scavengers are herded into an ever smaller area by the spreading flames. A man in a turban pauses to pour water into his mouth from a half-full bottle he has found, then returns to digging. A loud pop—perhaps a shaving-cream can—sends up a shower of scraps; a gust of wind whips cinders and ash into a swirling cloud. When the trash mountain is consumed, the men and boys pause and wait for the next load. Twenty truckloads of high-quality detritus are deposited at the dump each day.

"It's the daily routine," says Khoshal, 22, a Kabul native. "My job is to keep the villagers out of here. But there's nothing I can do. They are not supposed to be here, but there's no way to stop them."

"America good! America is rich. The garbage is very, very good garbage."



This Photo by William Skinner II

"Try to make me wear a burqa, and ***I'll blow your brains out."***

U.S. military planners are concerned that their garbage could be used against them. At Bagram, all "classified trash" is destroyed in burn barrels. According to Khoshal, Afghans can access the garbage pile "very easily" by bribing the gate guards with money or cigarettes, but he adds, "These people are the elite—not everyone can get on the base."

Asked how he slipped past the guards, Amal shrugs. "I live here," he says. Amal and his family moved into a town house on base that once housed Russian soldiers and their families. They join 40 other Afghan families in an abandoned bedroom community just inside the wire. Amal attends Bagram School, outside the main gate, and he walks through a minefield after class to rummage at the American dump. He's aware of the dangers, but unafraid.

"I know where the mines are," Amal says. "My father put them there."

Hundreds of Afghans live and work on base, and an average of 300 trucks each day drop off cargos of wood, rock, gravel and aviation fuel for reconstruction work and base operations. Afghans are frisked and issued ID cards, and bomb-smelling dogs sniff out the trucks, but the base's security ultimately rests in the hands of local warlords.

Hajji Sher Alam, the commander of the Afghan Air Force and one of the men charged with protecting American lives, is confident that the base is secure.

"If anyone carries out an attack, he knows he will be killed and his family will be cast out," Alam says with a tinge of euphemism. "All of my soldiers can spot a stranger. We know one another, and we know what outsiders look like."

According to Sfc. Juan Morales, a Civil Affairs officer at Bagram, the ethnic divisions that have destroyed Afghanistan can actually work in America's favor by keeping terrorists off base. "They've been fighting for thousands of years, and they know their enemy," Morales says. "You have to trust these [Northern Alliance] guys because, without the Afghans, there'd be Taliban running all over this post."

Morales works with Afghan officials and distributes humanitarian assistance to local villages. Bombs and bullets are the "kinetic" means of waging war, but hearts-and-minds efforts like Morales's are important as well.

"It's easier to fight a war when the local people are on your side," Morales says. "Not to take anything away from the guys out there killing people, but it would be a lot harder if all the people were against us."

While Morales believes that things are safe at Bagram, he is concerned about the position of the United States.

"Being the biggest and baddest country in the whole world means other countries are going to hate you," he says. "America got too complacent. You gotta watch out. People fall asleep, and

We Came, We Saw, We Pulled Guard

when they wake up, they say, 'Shit, I shouldn't have been sleeping.'"

"Remember What Happened, and Why We're Here!"

* * *

Two squads from the 511th MP Company out of Fort Drum, New York, are waiting to be cleared for patrol. The troop of heavily armed soldiers will leave Bagram in armor-plated Humvees to investigate the possibility that a rocket-propelled grenade was fired at the base from a local village. A pilot spotted a flash in the area two nights ago.

Captain David Mckeonin barks at a female soldier as she puts her hair up in a strawberry-blond bun; she stands in the turret of her Humvee, behind an M-249 SAW machine gun.

"Schnetska, maybe you'll get to shoot something today."

"Maybe, sir."

"Soldier, what are you doing?"

"Lighting a cigarette, sir."

"Why?"

"I don't know, sir."

"Come on, fight it. Fight it, fight it. You're a weak soldier. What do your parents think?"

"They hate it, sir."

"Schnetska, you just let me down."

"I'll try harder next time."

Mckeonin shifts his attention to his other gunner, Pfc. Heather Pfleuger, who mans an MK-19 fully automatic grenade launcher.

"Pfleuger, you ever shoot a moving target?"

"No, sir."

"That's what I thought. Now we're in trouble."

"Girls see me, and it gives them hope that they might be able to be more."

"Sorry. I thought you said, 'Did you ever see the movie *Target*?'"

"Did you hit it?"

"Roger, sir."

"Yeah, right."

"I hit it, sir. On convoy live-fire we fired at moving targets."

"How many cans did it take?"

"Took me three rounds, sir."

Pfc. Pfleuger is an expert marksman with the MK-19 and the M-249 SAW, and is widely regarded as the best shot in her company.

"You give her anything within a mile, and she'll touch it," says Sgt. Kevin L. Collins, Pfleuger's squad leader.

The drivers rev up their supercharged V-8s. The soldiers inside the vehicles stow their weapons. Up in the turrets, Pfleuger turns to Schnetska.

"Game on, Nene."

The armored convoy pulls out of the main gate, turns at a pair of burned-out tanks and descends into the labyrinth of adobe villages outside the base. The ruts in the road are as deep as pools; the Humvees rock up and down like boats on the high seas. Every 30 minutes, Sgt. Collins calls in eight-digit grid coordinates to the base. In case of trouble, two AH-64 Apache attack helicopters are ready to scramble.

The convoy passes men with AK-47s, women in burqas, children leading goats, and a row of shacks, most of them shuttered. One store sells pinwheels. Another is stocked exclusively with donated U.S. relief supplies. Outside a butcher shop, a carcass hangs from a hook; yellow fat drips in the heat. The men and women who line the streets look up at Pfleuger in awe. Girls in colorful dresses smile, squeal and wave. A toddler holds her hand up and spits out gibberish. Pfleuger waves from behind her oversized gun.

"She's perfected the prom-queen wave," says Sgt. Collins.

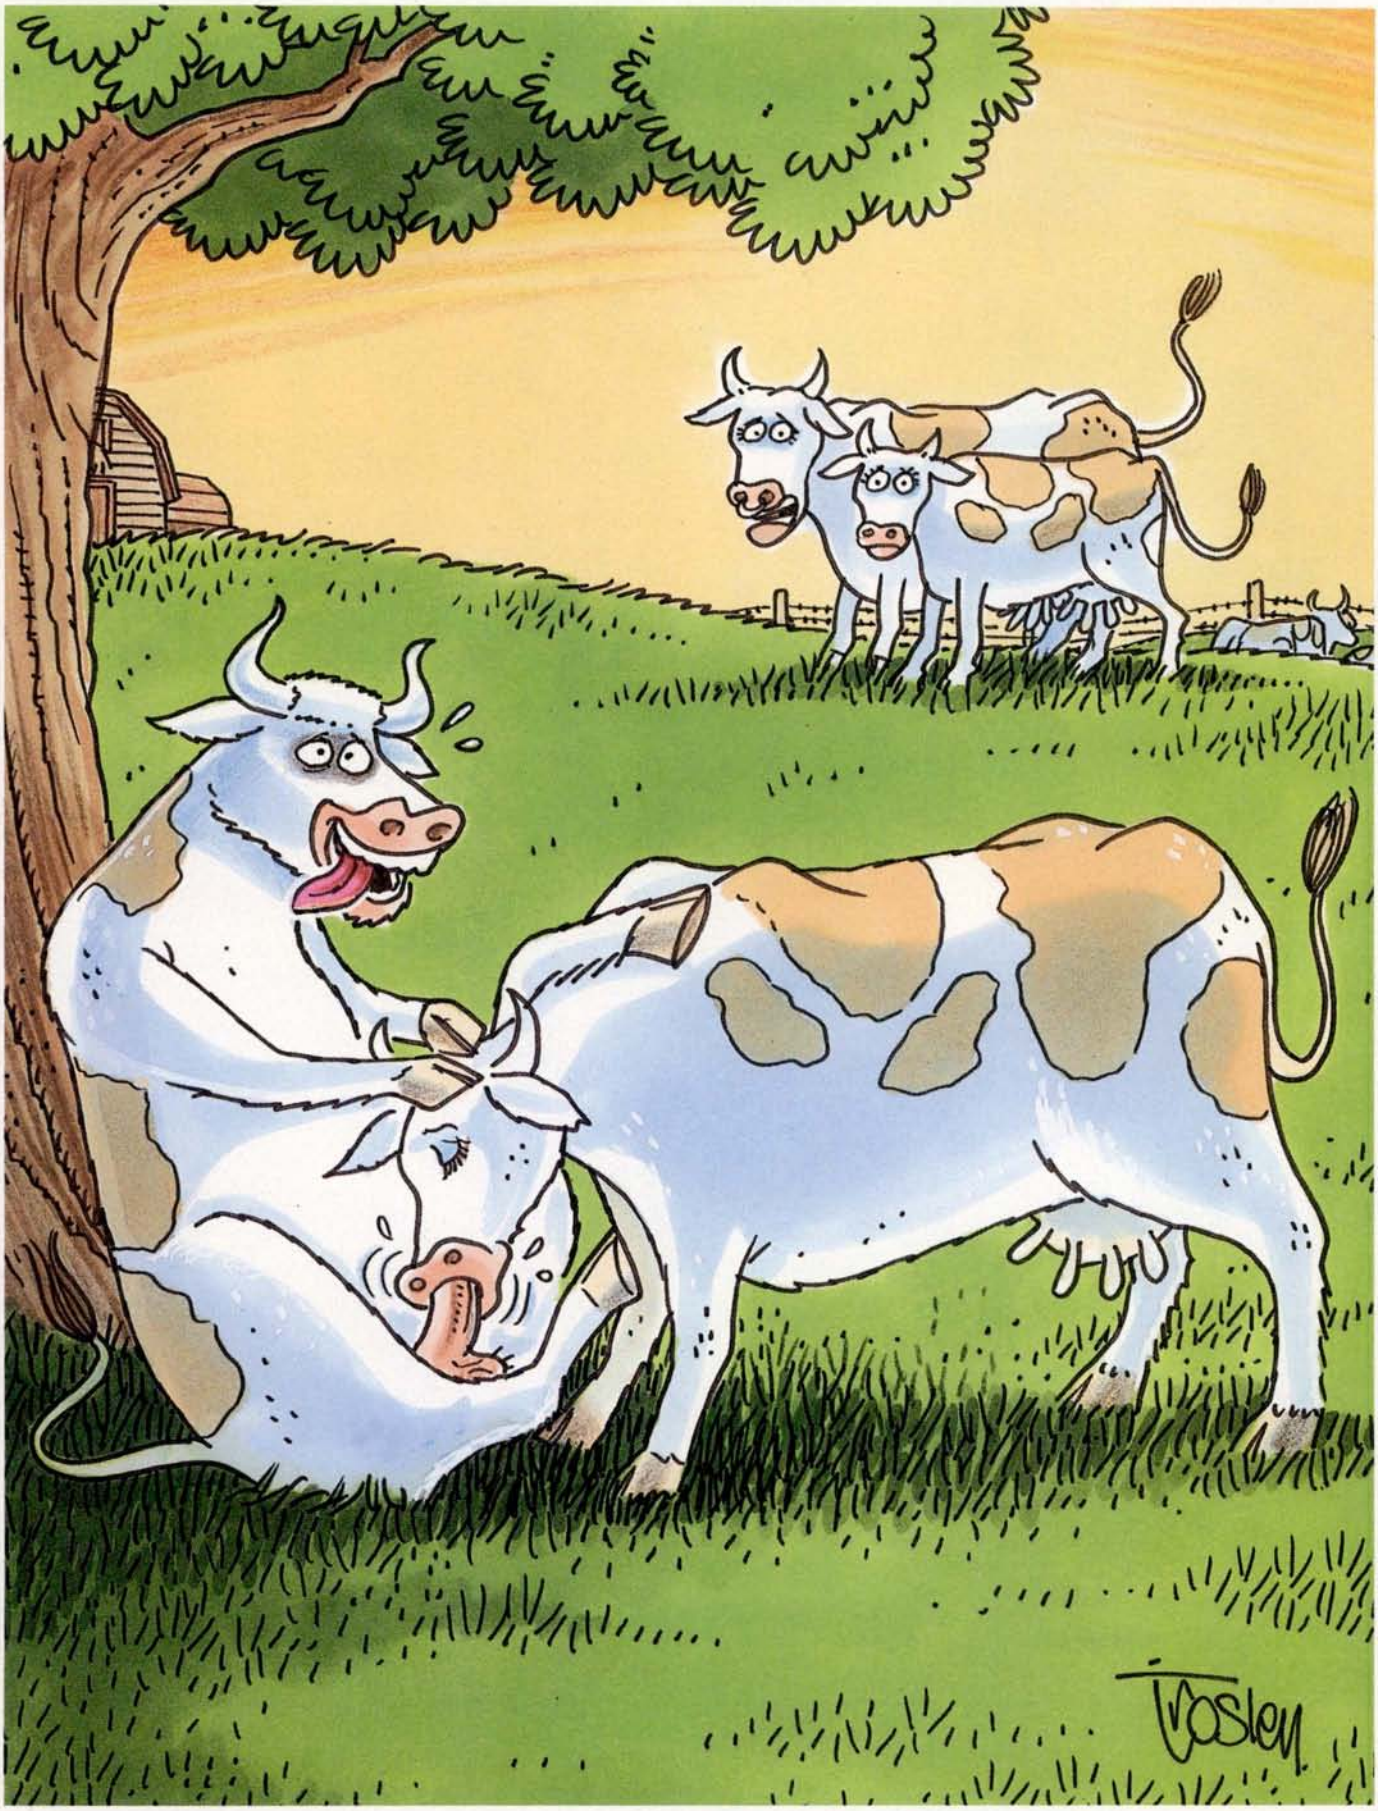
The convoy stops, and counter-intelligence officers climb out to chat with village leaders. The MPs draw their weapons and set up a hasty perimeter, using an adobe wall for cover. Schnetska trains her SAW down an alley and establishes a crossfire with Pfleuger's MK-19. Dozens of villagers emerge from their homes and crowd the American soldiers. The scene is tense; the intelligence officers keep one hand on their sidearms as they dig for information. The discussions are inconclusive; the RPG attack may not have happened at all.

Back at Bagram, Pfleuger leans back in her turret and removes her helmet. "I love it when the girls see me," she says. "They're just like, 'Wow.' Girls see me, and they know they can be about something else. It gives them hope that they might be able to be more."

Pfc. Pfleuger understands that in deeply patriarchal Afghanistan, the symbolism of women patrolling the streets behind fully automatic grenade launchers is potent.

"Oh, it definitely makes a difference," she says. "This country will never be the same."

"He wanted to pay me to peck out Bonny Lee's eyes."



"Take note, Angie…that's how you get hoof and mouth disease!"

The Process of Elimination

(continued from page 78) head explode. I remember shooting the second guy. I never saw the third guy; he took off.

The lawyer I had gone to the bank with managed to get me into a cab. The next thing I knew I was lying on a slab in a warehouse, and a doctor was cutting bullets out of me. One week later, I was on a boat to Brazil where I stayed, well supported, for almost a year. So they didn't get me, and they didn't get Meyer.

A few years later, I was sitting in an Italian restaurant, and a man walked up to me and said, "You don't know me, but I was almost your executioner." This was the third man. We talked about it. I understood. Business is business.

Normally a boss is very careful where he goes and rarely travels without a bodyguard. One mistake is all any good hit man needs. I'll give you an example. I was out in California recently, and I went to visit a friend of mine who has a bakery shop. Whenever I'm out there, I go see him because he's probably the only person west of the Mississippi who makes good cannoli. Of course, I'm not the only guy who knows this.

We talked in his back room for a little while, and then I got up to leave. As I walked out from the back of the place, who's standing by himself at the counter but one of the biggest mob bosses in the country. He took one look at me, and his face went white. His eyes opened to about the size of a silver dollar. I looked at him and smiled. "Take it easy, babe," I said. "If I was here to see you, you wouldn't have seen me." Then I reached under the counter, handed him a chocolate-chip cookie and walked out. I guarantee you he won't go to the bathroom by himself for the next five years.

I've never had a problem with innocent people because I've always been very careful about picking my spots. But if I was on a job and an innocent person got in the way, he would have to go. I know I wouldn't feel too good about doing it, but I know I'd kill him anyway. It's part of being a professional.

Sometimes, though, it's almost impossible to get a guy alone. Maybe he has too many bodyguards, or maybe he's very careful. Then you have to hit him in public. On a job like this, the important thing is to be cool. If you're careful, there is actually very little to worry about. I've walked into restaurants in which my man was sitting, and I've calmly walked over and calmly pulled the trigger, and then I turned around and calmly walked out. I didn't run. I just make sure, in a situation like this, that I use a gun that's going to make a lot of noise, because I want everybody in that place diving under tables. I was fortunate enough to see the police report on number 14, which I did in a restaurant. I was described by 11 different people in 11 different ways...and not one of them was totally accurate.

I've never had a problem with innocent people because I've always been careful about picking my spots. But if an innocent person got in the way, he would have to go.

Witnesses sometimes need help to understand that things aren't always what they appear to be. In 1963 I was hired to provide that help.

A man claimed he had seen a member of a particular organization shoot down a guy in cold blood. The police put him under full protection: a squad car outside his apartment building, a cop in the lobby and a third cop in his living room. I was offered $20,000 to prove to him that the cops couldn't protect him.

I watched his place for a few days and made my move one night. Dark, no moon. I didn't want to use the fire escape because I couldn't take the chance on making noise and having someone look out their window. So I went to the roof of another building on the block and climbed across to his roof. I brought a rope—with plenty of knots tied in it to rest my feet on—and a grappling hook. I dug that hook into the roof and lowered myself down. It was only two stories.

This was in the middle of the summer, and his window was wide open. I climbed in very quietly. Then I put one hand over his mouth and put my gun in my other hand, and shook him gently.

"Don't make a move or a sound," I said. "There's a cop right outside your door, and if he comes in here, you're both gonna die. All I want to do is show you that the cops can't stop us. Wherever you go, whatever you do, we're gonna find you. We don't want to hurt you, but we think you should consider it carefully before you squeal on our mutual friend. Just do the right thing by him, and you won't get hurt; I promise you. Now I'm gonna leave you. You go back to sleep. If you (continued on page 124)

EUROPEAN GROWTH SYSTEM

Are you embarrassed because of your penis size while in front of your lover? Are you embarrassed when you meet a new girl? Were you embarrassed in the men's locker room? You don't have to be anymore.

IT'S A FACT: ANY MAN, ANY AGE, ANY RACE CAN ACHIEVE A LONGER, THICKER AND HARDER ERECTION.

With the European Pulsating Penis Growth System, 9 out of every 10 men show permanent gains on average up to 5 3/4 in. Acceptable for ages 18-74, penis enlargement systems have been considered "Simple, Safe and Effective" by the U.S. News And World Report. (8/24/92). No prescription is needed, and is a highly recommended treatment for small penis size, impotence and pre-mature ejaculation over any risky and unneeded cosmetic surgery. This pump growth system utilizes a 100% pure vacuum tight seal and is one of the only European systems equipped with a vibrating chamber that will slide up and down your penis while you watch it grow. This growth and enlargement system also can increase the amount of ejaculation fluids by 50%.

Strong and sturdy clear passage entry system provides excellent visibility so you can watch your penis grow.
State-of-the-art flexible and protective tubing for maneuverability
Vibrating bullet with Swedish Erotica Battery Pack
Locking purge valve for easy shot off to maintain a 100% vacuum seal.

HUSTLER'S PRECIOUS PINK™ HUSTLER VIDEO

BODY BUSINESS

WHEN SEX MEETS FASHION!

Some think that certain girls are too pretty for porn. HUSTLER proves those pussies wrong with Precious Pink. Director Patrick Handsome goes behind the scenes of the fashion world, where babes gorgeous enough to be on the cover of a fashion magazine slurp pricks then bend over and welcome the slobbery joints into their high-class shitters. Precious Pink delivers depraved stunners as skilled in the bedroom as they are on the runway. Covergirls who eat cum. Who could ask for anything more?

Also available...PRECIOUS PINK NO.2! (#PPV2 or #PPD2)

The Process of Elimination

(continued from page 113) make a sound, and I get caught, you're dead." Then I climbed back up the rope and went home.

We didn't want to kill him because that would have created a lot of heat for us. It worked out very well; he just had a sudden loss of memory. I made $20,000, and I didn't even have to pull the trigger.

I've only broken one rule in my career. I have killed three men for revenge—and I made them suffer when I did it. Normally you're supposed to get permission, but I didn't bother.

It was 1958, and I had made a private deal to bring narcotics into the country from Mexico. My cut was supposed to be $40,000 but, instead of paying me, the party thought it would be a great deal cheaper to kill me. Unfortunately, when he sent his goons to my house, I wasn't there. My wife was there and four months pregnant at the time. They came into the house looking for me and, when they realized I wasn't home, they got abusive. One of them kicked my wife in the stomach, and they left her lying on the kitchen floor. She started hemorrhaging. She was dead by the time our neighbors got her to the hospital.

They caught up to me in Reno, Nevada. I had just come out of one of the casinos—at this point I didn't know what happened to my wife—and I started to cut through this alley over by some railroad tracks. The lights blanked out. I was smashed over the head with a blunt instrument.

Ten days later I came to, paralyzed from the neck down, in the Washoe Medical Center. The doctor manipulated my vertebrae and managed to restore some feeling in my body. The next day, some friends came by and they told me what had happened to my wife.

As soon as I could move, I called the guy who had set the whole thing up. All I said was, "You made a mistake, fuck. I'm still alive."

That was the day I stopped caring whether I lived or died. That was the day I lost all fear of death. All I had within me was hatred. I would not have gone after the three men for what they did to me—business was business—and I would have simply settled with the head man. But they were dead the moment they kicked my wife.

Then my whole world exploded. It just came apart. It changed me radically. Before this, I was sometimes wild and crazy, but I just wasn't mean. This made me mean. As soon as I could move, I got on the telephone and called the guy who had set the whole thing up. He picked up the phone. All I said was, "You made a mistake, fuck. I'm still alive."

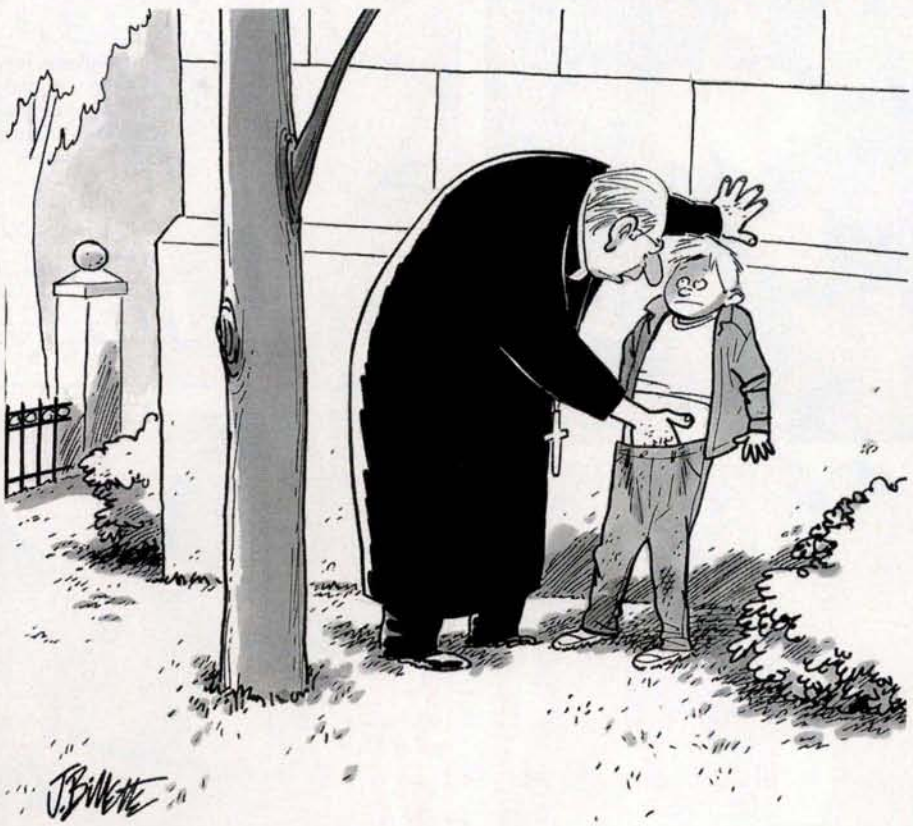
I laid in the hospital for eight months, and one day the doctor walked in and said I could either lie there like a vegetable for the rest of my life or risk an operation. I asked him what my chances were.

"Even," he said. "You'll either walk out or be carried out." I didn't give a damn either way; so I told him to start cutting. Seven months later, I walked out of that place. And went after the three men who had killed my wife.

I started to hunt them down. I carried .22 long-range flat-nosed bullets because I wanted them to suffer. At short range, they won't kill you, but they will smash your bones and make you bleed. I found the first one in California. I killed him very slowly. I had trapped him in a garbage-filled alley, and he started swearing he had nothing to do with it. There was no way I was going to listen. I just started to pump bullets into him methodically. First into his legs so he couldn't move. Then into his rib cage so he would bleed. Then into his shoulders and then I shot his ears off. I just kept reloading the gun; I was having a good time. Then I left him there to die.

I found the second one in Mexico and killed him the same way. I had never known anything as sweet as these killings. They were wonderful sights. And I could smell the fear. If you've ever wondered why an animal attacks someone who's afraid of him, it's because the fear just pours out of him and creates an odor. I saw it. I smelled it. I loved it.

I had to chase the third one completely across the country. He knew I was after him, and he tried to hide. It took me almost a year to find him, but I did, in New York City. He went down just like the first two. Then I got on the phone to the boss. I said two words, "You're next," and then I hung up. But before I could get him, he was arrested on a narcotics charge. That bust saved his life. I guarantee it. And, if he lives through it, the day he walks out, I will be standing there waiting for him. I swear it.



"If you tell anyone, Billy, I'll have Jesus kill your mommy."

"If Bonny Lee Bakley was a blackmailing, ignorant, worthless white piece of shit, you must acquit!"

Clinically-Tested, Women-Approved 100% Natural Longitude Capsules- The ONLY Penis Enlargement Capsules That Really Work.

The Original LONGITUDE PENIS ENLARGEMENT CAPSULES: Over 100,000 Bottles Sold Every Month

When it comes to Penis Enlargement, you have several options, but only one answer... The Original Longitude Penis Enlargement Capsules, Here's Why:

Longitude VS. Pumps and Weights

The first thing that comes to mind when I think of Penis Pumps, is that Austin Powers movie. I mean really... what would you do if your lover stumbled upon your pump? How embarrassed would you be?

Not to take anything away from pumps- some men do say they work, but I've also heard that it is painful to have your penis being sucked down a clear plastic tube. And remember, every time you use it, you have to spend time cleaning it.

Pumps can cost up to $150 or more, and as you can imagine, the more you spend, the better your results. But I still think you can do better with Longitude.

And what about Hanging-Weights... OUCH! If you think strapping a few pounds of metal around your penis is fun, count me out. Not only is it painful, it's STUPID, you can do a ton of damage to your penile ligaments. Don't be surprised when you get giant, nasty bruises on your penis that are so painful, you won't even be able to get an erection. Pass on the pumps and weights.

Longitude VS. Invasive Surgery

Ever since hearing about what happened to my college buddy Marcus, I advise everyone I care about to stay away from penis surgery.

Marcus wasn't happy with the size of his penis, so he had an operation with hopes of being "gorilla-sized". But today, his King-Kong dream is a shriveled-up nightmare.

First of all, his penis is so ugly, it looks like a football. And secondly, he lost total sensation in his penis and is not able to get an erection no matter how hard he tries.

He ruined his life. His girlfriend left him, and he is unable to keep new women because of his problem. And just the sight of his penis is enough to make you have newfound love for your penis, even if it is 4-inches long.

Lets pretend Marcus's surgery went well... it still cost several thousands of dollars, he had to go to the hospital and take off work. And just the thought of someone going near my johnson with a knife is enough to turn my stomach.

Longitude VS. Knockoff Pill Scams

As with any great product, greedy scam-artists will knock it off.

Longitude has documented growth of up to 3-inches. Some of our knockoffs go as far as copying our ads almost word-for-word, then simply inflate our claims of 3-inches to 5 or 6 inches. Is their scam pill really going to DOUBLE the size of your penis? I don't think so. They'll say anything to fool you.

A copycat product will never perform as well as the original. Longitude capsules are formulated in our 47,000 sq. ft. lab that is one of only 20 in the US that has been approved by the NNFA (National Nutritional Food Association) to comply with rigorous GMP standards. (Good Manufacturing Practices). This ensures your capsules will never contain rodent feces, crushed roaches, or things even worse.

Who knows where and how other's capsules are being created? *In a garage?* Knockoffs haven't been known to worry much about quality control. Sure, you may be able to save a few dollars purchasing a fake... but remember, you have to swallow it!

Plus, we employ over 100 Nutritional Experts to answer any of your questions. With these knockoffs, you're lucky to get a live operator, let alone someone who knows anything about nutrition. Save yourself time and get the results you're after, buy the real thing.

It's your choice... Pumps... Weights... Surgery... Knockoff Scams... or the Original Longitude Capsules... Read my ad on the next 3 pages and call us. Longitude is the only product that will make your penis so long, you won't believe its yours- GUARANTEED by over 1 Million Men every year!

67% of Women Say They're *UNHAPPY* With The Size Of Their Lover's Penis...

Muscles, Money, and Looks help, but women want a "bigger" man.

The Average Penis Size Is Just 6 Inches... But Who Wants To Be "Just Average"?

Herbal Science Breakthrough!

World-Famous Pharmacist Creates *Revolutionary* Herbal Pill That Is Guaranteed To Increase Your Penis Size By 1"... 2"... 3"... or more in just a few short weeks! *(with absolutely no adverse side-effects)*

Dear Fellow Man...

What I'm about to tell you is absolutely true. If you believe me, you will be greatly rewarded for the rest of your life. If you don't believe me... I'll make it worth your while to change your mind. Let me explain.

I'm the President of what I believe is, the most advanced Herbal Nutrition Company in the United States. Over the past few years, my company created some incredible, breakthrough products... but this one has been our most successful by far!

Our latest and most *controversial* product is called LONGitude and by simply taking 2 LONGitude capsules every day... it will make your penis grow in both length and thickness by a whopping 26%.

Sounds impossible? Of course it does... but 96% of the men who try LONGitude have great success, growing 1"... 2"... 3"... and more. I myself gained 2 1/8" in just 8 short weeks on LONGitude. I am extremely pleased with this product's performance.

I'm a single guy... so I do date quite often and let me tell you man-to-man... NOTHING, and I mean NOTHING beats the look on my lover's face as she sees it for the first time... watching her gasp... almost in disbelief... with a slight look of fear in her eyes. I can't describe how confident a bigger penis makes me feel!

You Don't Believe Me... Right?

I don't blame you for being skeptical of LONGitude... hell, even when my research team told me they had finally got it right after 3 years of research and testing, I didn't believe it. That's why I tried LONGitude personally.

Let Me Explain How LONGitude Works... It'll Help Convince You...

Your penis has three chambers... 2 large ones on top which are your erectile tissue and one smaller one on the bottom which you urinate and ejaculate from. And...

(next page please...)

When you get an erection, your brain releases a hormone which sends blood to your penis, filling your erectile tissue. The blood cavities in your erectile tissue fill to the maximum, giving you an erection.

Now get this... the maximum your erectile tissue can fill with blood creates the size your erect penis presently is. But here's the breakthrough we've discovered... Your erectile tissue can be developed much larger and stronger than it is with our product LONGitude.

Simply put... your penis is EXTREMELY unfit and smaller than what it could be if your erectile tissue chambers were larger (holding more blood). LONGitude will go to work on these chambers - increasing their size in both length and width... to hold more blood... getting you a few extra inches you wish you were born with.

After just a few days on LONGitude, you will start to see and feel much difference in the way your penis hangs and feels when erect.

LONGitude will also promote increased sensitivity... getting you more "feelings" during intercourse, enabling you to achieve ROCK HARD erections ANY time you desire.

LONGitude will give you a more muscular look, surely standing apart from other penis... A penis your lover will remember for the rest of her life!

100% Natural & Safe LONGitude Will:

- ***Strengthen and harden your erections like a length of STEEL PIPE!***
- Develop your PC Muscle to form a truly "muscular" looking penis that will impress and arouse your lover. I guarantee they'll brag to their friends.
- ***Enlarge your penis 1-4" or more AT HOME, without vacuum pumps, weights, or surgery.***
- Intensify your orgasms.
- ***Achieve more powerful thrusting ability.***
- Last as long as you want without drugs.
- ***Achieve ROCK HARD erections any time you want... your lover won't believe it!***
- Safely and Permanently enhance your penis size, strength, and ability without expensive and dangerous pumps, weights, drugs, or surgery.
- ***And much, much more!***

When you feel you are at your peak performance level in penis size and mass... you'll have a new found confidence... knowing you can please any woman more than any other man could - no matter how hard he tried!

Here's What You Can Expect To Happen Taking LONGitude:

Week 1-3:	Your penis will experience greater and longer lasting erections and a noticeable increase in thickness.
Week 4-8:	Your penis will have grown in length and will possess much more thickness in both- erect and flaccid states.
Week 9+:	Your penis will have taken on a new body, not just longer and thicker, but much harder and healthier.

It's pretty simple to understand... the size of your erectile tissue chambers is what limits your penis to the size it is now. LONGitude painlessly makes these chambers longer and wider, holding more blood... making your penis several inches longer.

90% Of Men Have A 6" Penis... That's The Average Size LONGitude is made for men that are NOT HAPPY WITH AVERAGE!

You don't want to make an average income... live in an average home... drive an average car... why settle for an average penis... especially since it is inexpensive and safe to have some serious machinery between your legs.

Try LONGitude without risk... here's how:

A One-Month supply of LONGitude (60 capsules) costs just $59.95 plus shipping. Get yourself a bottle right now by calling 1-800-518-3492 with your credit card, 24 hours a day - 7 days a week. We'll rush you off a bottle of LONGitude... try them as recommended- just 2 easy-to-swallow capsules per day.

You're Guaranteed To See An Increase Of ONE FULL INCH in 30-Days Or You Pay NOTHING!

If after trying LONGitude for 30-days, you do not experience a FULL INCH in length and a noticeable increase in thickness, simply send the bottle back to us and we'll refund 100% of your money - even the shipping fees you've incurred! No questions asked!

How Can We Be So Generous?

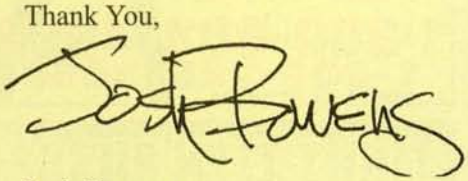
Easy- with a 96% success rate... we're more than confident it'll work for you... with amazing results that almost defy belief! Think about it... standing in the mirror with a penis 1"... 2"... 3" larger... or more. That would be something, wouldn't it?

You bet it would. And with our 30-Day NO GROW-NO PAY guarantee, where *we'll even refund your shipping cost*... you have absolutely nothing to lose!

I know you may still be skeptical... but all I want you to do is "try" LONGitude... I won't consider this purchase binding until after 30-days. Can it really work for you? You'll never know unless you give it a try. Look- pass up on this offer and 30-days from now, you'll simply be a month older with the same penis you have now... or you can be on enjoying a new life as thousands of other men are... many inches longer. **You decide**.

And by the way... LONGitude will be *discreetly* billed to your credit card under CP DIRECT and it is shipped in a plain box, with only our return address on the label.

Thank You,



Josh Bowens

LONGitude risk-free for one month

PS: In a recent survey conducted by Durex Condoms, 67% of women said that they are unhappy with the size of their lover's penis. Proof that size does matter! A larger penis has much more surface area and is capable of stimulating more nerve endings, providing more pleasure for you and your partner. A man endowed with a 7" or 8" penis is simply better *"equipped"* than a man with a 5" or 6" penis. Would you rather have more than enough to get the job done... or fall short. It's totally up to you.

PPS: A special bonus if you are one of the first 250 men to try LONGitude risk-free... You'll receive FREE membership into our Preferred Customer Club where you'll receive a $20 discount off every future bottle of LONGitude. In addition, so you do not go a day without our capsules, you'll automatically receive a new 30-day supply every month and we'll bill you just $39.95, plus shipping - that's $20 OFF the retail price. Trust me- after a week on LONGitude you will not want to live a day without this product until you reach your optimum length. Once you reach your optimum length in about 3 months, call us and we'll stop sending automatic shipments. There is no minimum amount of bottles to buy and you can cancel shipments at any time. And if you take us up on our 30-day money back guarantee, your credit card will never be billed again.

PPPS: This breakthrough product will make your penis grow, and grow until you decide it's the perfect size. When it reaches it's optimum size, stop taking LONGitude. You do not have to take LONGitude ever again- the results are permanent. Most users stop taking LONGitude once they reached 8" to 9" (about 12 weeks). It is not advised to go past the 9" limit for the simple fact that you'll be too big for many women.

Here's Some Of The Most Common Questions New Users Have:

What Is LONGitude?
LONGitude is a 100% safe and natural formula that is guaranteed to increase penis size by an average of 26%.

How Does LONGitude Work?
LONGitude permanently enlarges your two erectile tissue chambers in your penis to hold more blood during an erection... thus, making your penis much, much larger in size.

Are Their Any Negative Side-Effects?
Absolutely zero. A positive side-effect is that you'll be more sensitive, enjoying intercourse more.

How Do I Take LONGitude?
Simply take 2 easy to swallow capsules every day.

How Long Can I Expect My Penis To Get?
Measure yourself during full erection and add 26% - that is the average size increase. LONGitude will continue to work the longer you use it.

How Long Will It Take To Work?
LONGitude will start working instantly, making your penis thicker and erect more often. Length growth starts a few weeks later and the total process usually takes 12 weeks.

How Long Should I Take LONGitude?
Take it until you get to 8" or 9". After you get to this size, we advise you stop taking it. Any longer of a penis would be too large for most women to handle.

What Are The Ingredients of LONGitude?
LONGitude is a proprietary blend of the following 100% safe and natural ingredients: Zinc, 300 Yohimbe, Maca, Catuaba, Muira Pauma, Oyster Meat, L-Arginne, Oat Straw, Nettle Leaf, Cayenne, Pumpkin Seed, Sarsaparilla, Orchic Substance, Licorice Root, Astragalus, Tribulus, Boron, and Ginseng.

DOCTOR DISCOVERS PILL TO ENLARGE YOUR PENIS!

PRO+PLUS PILLS WILL WORK FOR YOU!
WE OFFER A 100% MONEY BACK GUARANTEE!!

No Pumps, Exercises or Prescription!
Doctor Approved Pill Will Enlarge Your Penis up to 4 Inches!

"This pill really works. I am now a harder 9 inches, which makes me feel good about myself. Besides wanting to be bigger, I always got soft to soon. Now that doesn't happen anymore. I'm hard like a rock from start to finish. I don't stop until she says 'you are terrific' and cums right along with me." -JS, Ohio

You Will Have These Penis Gains In A Few Weeks!

Just imagine when your sex partner sees how thick and long and hard you are. How about when men will gasp with envy the first time they see the new you in a locker room, shower or gym. Your larger penis will give you the confidence to meet the challenge of any woman. Penetrate deeper and see just how much greater satisfaction your sex partner will have. You will feel in total command because now any possibility of going soft, and premature ejaculation will be eliminated with your new rock hard much larger penis.

HOW DOES PRO+PLUS PILLS ENLARGE YOUR PENIS?

The corpa cavernosa are the two spongy bodies of erectile tissue on either side of the penis. An erection is caused by blood filling the erectile tissues. But what if the erectile tissues were made larger? What if you could somehow expand the size of the erectile tissues? Then of course the erectile tissues would hold more blood and you would have a significantly larger penis. Blow up a balloon with more air and you have a larger balloon. Fill the erectile tissues with more blood and you have a larger penis. Without any effort on you part, without any exercising, pumping or stretching, PRO+PLUS PILLS will expand the erectile tissues longer and wider and fill the erectile tissues with a larger supply of blood so that your penis will gain up to 4 inches in what has been described as a miracle. **You can make that miracle happen.** You can have the penis size you always dreamed of with the PRO+PLUS PILL and we GUARANTEE IT!

IS YOUR PENIS SIZE AVERAGE?

You probably have heard or read somewhere the average penis size is about 6 inches. If your penis is 6 inches and you want to be average then don't read any further. But if your not satisfied with an average or less then average size penis, the PRO+PLUS PILLS will help you grow up to 4 inches and it is perfectly safe and it is your secret because you can take the PRO+PLUS PILLS without anyone knowing that you are taking it.

HOW LONG WILL IT TAKE TO ENLARGE YOUR PENIS?

In a couple of weeks the most noticeable change will be the width of your penis and longer lasting erections. Then after a month or two you will see a change in the length of your penis and again you will notice a thicker and wider penis. As you stand in front of a mirror you will be amazed even without an erection how your penis wil 'hang' longer and thicker. After the third month when you have an erection you will see a very noticeable change. Not just in size but your penis will look firmer, stronger then you ever dreamed possible. **No pill sold anywhere can give you the maximum potential you want in two months.** Why settle for less when you can have much more. You need **three to four months** to grow to your maximum potential and we offer special prices for a three or four months supply with a **100% MONEY BACK GUARANTEE AND FREE OFFER!**

WHAT EXACTLY IS THE PRO+PLUS PILLS?

Discovered by Dr. Dmitri Zorken and his research team PRO+PLUS PILLS is a powerful natural herbal penis enlargement formula that increases penis size, stronger erections and maintains your sexual virility. Combining the formulations of the type of herbs found in many parts of the world that can enlarge the penis erectile tissues. We also included some of the same type of herbs found in Polynesia where the men of the Mangaian tribe have sex on the average of 3 times a night, every night. While this is not what you may wish, it is nice to know your sexual performance can improve substantially.

HOW BIG IS BIG AND HOW MUCH DO YOU NEED TO SATISFY YOUR PARTNER?

Consider the difference between a 7, 8 or 9 inch penis that is thicker and a penis that is 4 to 6 inches and narrower. With a larger penis you penetrate more sensitive areas of the woman. Your longer penis probes deeper searching those special nerve endings. The added width to your penis fills and presses her from side to side to give your partner the most exhilarating sensations. **It is possible for you to reach the most sensitive area of all, a woman's G-spot.** These sensations will produce for a woman the ultimate multiple orgasms. At the same time because you are reaching a woman's most sensitive areas with your larger penis you will receive more pleasure to your sensitive nerve endings. Just knowing you are giving your partner this pleasurable experience will certainly give you the added confidence of being a better lover.

WHAT WILL THE PRO+PLUS PILLS DO FOR ME?

- A longer, thicker penis. Penis Enlargement up to 4 inches or more
- A longer, thicker penis even when you are not hard. Because there is more blood flow to the penis, your penis 'hangs' larger all day.
- You will have bigger, harder erections. Because of increased blood flow your erections grow harder.
- Erections when you want them. Rock hard erections every time. No more problems because you can't get it up and keep it up. PRO+PLUS PILLS will keep the blood flowing to your penis so you will always get hard and stay hard.
- Stronger and more intense orgasms
- Stop premature ejaculations
- Safely enhance the size of your penis.

WILL THE PENIS ENLARGEMENT BE PERMANENT?

Yes it is and you control the growth because once you reach your optimum size you could stop taking PRO+PLUS PILLS for Penis Enlargement. We say you could stop taking the PRO+PLUS PILLS because it is not necessary to be larger then 9 or 10 inches. Most women can only comfortably accommodate a 9 or 10 inch penis. Anything larger then that may be too large for most woman. Nine inches or more than 9 inches, the choice is yours.

DUAL ACTION EXCLUSIVE FEATURES!

Penis Enlargement and Continued Sexual Health!

Take PRO+PILLS first for Penis Enlargement to reach your optimum size. After that continue taking only one PRO+PILL daily to improve your sexual health, feel younger, increase sexual desire, gain more stamina and greater sexual pleasure. You can also take 2 PRO+PLUS PILLS before sex for the strongest, hardest erection you will ever have.

OUR OTHER SCIENTIFIC MIRACLE PILL!

PEARL+PLUS PILLS are guaranteed to sexually stimulate women of all ages. For increased blood flow, sexual enjoyment and intensify orgasms. Sexual sensitivity is produced by blood flow into the clitoris, labia and vagina. Only $60.00 or FREE WITH ANY ORDER OF 3 OR MORE BOTTLES OF PRO+PLUS PILLS.

Order PRO+PLUS PILLS now.

Only $60 for one bottle or 1 months supply. $120 for 3 bottles or 3 months supply. **FREE!** Order 3 bottles or more and choose 1 FREE bottle of Pro+Plus Pills or choose 1 FREE bottle of Pearl+Plus Pills. You will get results within the first month and you will reach your optimum size in 3 to 4 months. Many of our customers continue taking Pro+Plus Pills to maintain good health and rock hard erections. Add $40 for extra bottles. Any future orders are $40 for each bottle. We never automatically ship more bottles to you and bill your credit card unless you re-order.

OUR 100% MONEY BACK GUARANTEE

If for any reason you are not completely satisfied return the bottle(s) within 2 months and receive a full 100% refund including shipping. Why do we make this incredible guarantee? Because every thing we say here is true and we know you will be satisfied with PRO+PLUS PILLS.

IMPORTANT: Because of the success of PRO+PLUS PILLS there are many imitations. If you do not see a **100% MONEY BACK GUARANTEE** then you **DO NOT** have a money back guarantee. We Offer a **100% MONEY BACK GUARANTEE.** Do you trust buying penis enlargement pills from a pharmacy or drugstore or from our research company PLUS MEDICAL an International Company in business for over 30 years.

Never Censored! Hottest teen acts allowed by law!

Before I knew it, Linda's nose was nuzzling my pubes. My shaft quivered as her tongue squirmed along its underside.

(continued from page 53) solos. I even taught a couple of the smarter ones to tune my guitar. That way, they could make themselves useful when my love sausage was too worn out to fuck them.

Things are different now. The music world has all but forgotten my band. I'm not complaining; I had my run. I live a pretty spartan life, eking out a living doing light construction, but my new, mellow lifestyle hasn't kept me from catching my share of rock-star action.

A week ago I was hired to do some refinishing on an addition to a swanky home. The owner was a lawyer or something—a real dick. His wife, Linda, was another story.

It was almost noon before I mixed up my first batch of cement. I stirred the stucco, praying that my hangover would let up. That's when I spotted the lady of the house, spying on me through the kitchen window. She was on the phone, staring at me, talking animatedly. I figured she was probably ratting me out to her bastard husband for starting work so late. I couldn't have been more wrong.

When I looked up from my first swipe of concrete, I found myself eye-to-eye with Linda's neatly shaved pussy.

"I thought you might be thirsty," the babe said tentatively, as if asking for my approval. Linda extended an ice-cold glass of lemonade in my direction. As I rose from my crouch, the naked housewife chucked the drink in the bushes and threw her body against mine. Her vanilla-flavored lips locked onto my mouth, and the strawberry tip of her extended tongue massaged my tonsils. My calloused hands groped her butt cheeks, slowly crawling down her crack toward her weeping slit.

Linda's knees weakened with my first rough touch of her hole. As she dropped to her knees, she deftly loosened my Dickies so my angry half-foot could see the light of day. Before I knew it, Linda's nose was nuzzling my pubes. My shaft quivered as her tongue squirmed along its underside.

After a couple tonsil-deep thrusts, I jerked the hose-hound up by her hair, spun her around and nosed my prong into her snatch.

As I stabbed at her luscious insides, I noticed a tattoo of a Gibson flying V guitar with a rose wrapped around its fret board on the small of her back—awfully trashy ink for such a highbrow chick.

Just as I was about to ask her about it, I heard a car pulling up to her driveway. The gravel crunch of footsteps neared, but I couldn't stop banging this rich bitch. Her pussy felt way too good. I closed my eyes and savored the feeling. Her cunt muscles contracted around my wood, hugging my turgid flesh and pulling it deeper into paradise.

The tap on my shoulder snapped me out of my reverie. I half expected a fist in the face, but saw two more high-class babes. One had a small camera, which she pointed right at us. The other, a top-heavy blonde in a flowing skirt, swung around behind me as I continued to rail their friend. The busty one bent over and slid her tongue into my ass crack, sweeping the crevice for my bunghole. The shutterbug snapped a shot. "That's perfect," she said, closing the camera's lens, "but I gotta try some of that too."

The photographer shimmied out of her capri pants, wriggled out of her blouse and turned around, revealing an irresistible ass.

"Come over here and put that tool in me," she growled. The cock junkie spread her delicious cheeks, opening her shaved cunt and puckering wink to me.

"Which hole do you want it in?" I asked.

"Take your pick, sugar," she purred, nudging her ass toward my crotch.

I slid my prick into her poop chute as her pals looked on. My loin log briefly plumbed her sphincters before I pushed her aside to sample the assholes of the other two women. Finally, Linda, whose velvet turd clamp clenched my jimmy like a vise, turned to me and asked, "So are you gonna come on my face or what?"

With that, I pulled out and let my seed fly. The other girls dived into position, hoping to catch some of my splooge on their mugs as well. Linda swept the sperm from her lips into her mouth. "*Mmmm*, just as tasty as I expected," Linda said. Her friends nodded in agreement.

I drove home that night with a profound sense of satisfaction, knowing that I am probably the only subcontractor on the planet with his own team of cock-starved groupies.

CINTIA

WARM FRONT

PHOTOGRAPHY BY **CLIVE McLEAN**

Cintia was unprepared *for the tropical downpour that soaked her cotton clothes. When the sun breaks through, the hapless tourist finds an empty alcove in the island paradise and peels off her trappings.* ***"That rain is cold; my nipples are frozen!"*** *the naked sunbather exclaims, cupping her breast and pushing the nipple to an eager, flicking tongue. Seduced by her own flesh,* ***she sucks her teat while her fingers violate her hole.*** *As the sun dries the rain from her body, Cintia's skin is drenched in pleasure.*

Coming Next Month in HUSTLER

Glazed Pink

Only the finest flesh graces the menu of HUSTLER's piping-hot November issue. A lingerie-clad blonde makes a meal out of a lucky young stud who bastes her breasts with nut butter. A tanned exhibitionist sets up her leather couch on the beach to facilitate sunbathing and outdoor masturbation. A biker chick makes herself comfortable on an air mattress while waiting to be pumped by a grease monkey. Two dykes tie each other down and fuck each other up with their new strap-on. All of these mouthwatering treats and more await in the November HUSTLER.

Scalpel Junkies

From semihuman porn abominations to suburban housewives, plastic surgery is the addiction of choice for the physically insecure with disposable incomes. As top-heavy strippers claim tax deductions on business-related breast augmentation, surgeons are developing even costlier and more bizarre procedures. In a cutting exposé, HUSTLER Features Editor Dan Kapelovitz dissects the logic of enduring breast valves, lip injections and cheekbone implants in a quest for perfection, and details the horror stories that sometimes occur when the hopelessly vain go under the knife.

Burning Desire

Although countless pervs dream of nailing a young video slut, few take the time to consider the possible repercussions of boning a ginch who pays the bills by stuffing her holes with cock. In an infectiously funny *Sex Play*, contributor Karl Prinz recounts one fateful night when a XXX starlet's frisky attitude made using a condom seem unnecessary. After developing a mortal fear of taking a piss, Prinz's visits to a distinctly unsympathetic doctor led to shame and more pain. Find out next month if Prinz learned his lesson in this cautionary tale of tainted tail.

Stuffed Birds

Britney Spears unveils her latest endorsement deal in the cooze-crammed November edition of *Bits & Pieces*. *Erotic Entertainment*'s critics sniff out truffles of smut in the current crop of video filth. In *Dear Slut*, perplexed perverts give thanks for the obscene wisdom of porn sage Jeanna Fine. A band of budding nudists celebrates neighborhood quim in *Beaver Hunt*. Readers won't be able to resist taking a long, hard look at the tasty spreads in November's HUSTLER.

November 2002 HUSTLER on sale August 20.
